

Australian Health Review

CONTENTS Volume 37 • Issue 5 • 2013

WORKFORCE – SPECIAL FOCUS

The health workforce

Peter Brooks 559

Professional support framework: improving access to professional support for professionals

Fiona Hall and Karen Bell 560

What makes a hospital manager competent at the middle and senior levels?

Zhanming Liang, Sandra G. Leggat, Peter F. Howard and Lee Koh 566

General practitioners and consultation drift: the effects of supply-side changes and reforms on service delivery patterns

Michael J. Taylor, Dell Horey, Charles Livingstone, Siew-Pang Chan and Hal Swerissen 574

Developing a hospital travel plan: process and baseline findings from a western Sydney hospital

Nick Petrunoff, Chris Rissel, Li Ming Wen, Huilan Xu, David Meikeljohn and Anthony Schembri 579

Nurse practitioner succession planning: forward thinking or just an after-thought?

Chris Raftery 585

Addressing chronic and complex conditions: what evidence is there regarding the role primary healthcare nurses can play?

Anne M. Parkinson and Rhian Parker 588

Aged care nurse practitioners in Australia: evidence for the development of their role

Shannon Clark, Rhian Parker, Brenton Prosser and Rachel Davey 594

Defining the role and scope of practice of allied health assistants within Queensland public health services

Michelle Stute, Andrea Hurwood, Julie Hulcombe and Pim Kuipers 602

Workplace aggression prevention and minimisation in Australian clinical medical practice settings – a national study

Danny J. Hills, Catherine M. Joyce and John S. Humphreys 607

Mapping of allied health service capacity for maternity and neonatal services in the southern Queensland health service district

Shelley A. Wilkinson, Leyanne Duncan, Catherine Barrett, Robin Turnbull and Sally McCray 614

Re: An evaluation of New Zealand's iterative Workforce Service Reviews: a new way of thinking about health workforce planning

Susanne Trim 620

MODELS OF CARE

'It's your problem, not mine': does competence have anything to do with desire and aspiration to self-direct?

Michelle Crozier and Heidi Muenchberger 621

The process of developing a non-medical (advanced allied health) botulinum toxin A prescribing and injecting model of care in a public rehabilitation setting

Kathy Kuipers, Ruth Cox, Dominique Doherty and Kathy Grudzinskas 624

Nurse-led supportive care management: a 6-month review of the role of a nurse practitioner in a chemotherapy unit

Keith Cox, Deme Karikios, Jessica K. Roydhouse and Kate White 632

HEALTH SERVICES RESEARCH

Malnutrition prevalence in a medical assessment and planning unit and its association with hospital readmission

Marte Ulltang, Angela P. Vivanti and Eryn Murray 636

A critical review of vaginal birth rates after a primary Caesarean in Queensland hospitals

Jocelyn Toohill, Jenny Gamble and Debra K. Creedy 642

Quantifying under-reporting of pathology tests in Medical Benefits Schedule claims data

Judy A. Trevena, Kris D. Rogers, Louisa R. Jorm, Tim Churches and Bruce Armstrong 649

Knowledge and attitudes towards hepatitis C and injecting drug use among mental-health support workers of a community managed organisation

Grenville Rose, Elena Cama, Loren Brener and Carla Treloar 654

Review of suicide-prevention programs in Queensland: state- and community-level activities

Urska Arnautovska, Kairi Kolves, Naoko Ide and Diego De Leo 660

HEALTH POLICY

Cost effectiveness of pilot self-assessment sites in community care services in England

Paul Clarkson, Christian Brand, Jane Hughes, David Challis, Sue Tucker and Michele Abendstern 666

Does generic entry lower the prices paid for pharmaceuticals in Australia? A comparison before and after the introduction of the mandatory price-reduction policy

Jean Spinks, Gang Chen and Lara Donovan 675

GOVERNANCE

The role of boards in clinical governance: activities and attitudes among members of public health service boards in Victoria

Marie M. Bismark, Simon J. Walter, David M. Studdert 682

EDUCATION AND TRAINING

General practitioners' knowledge of whiplash guidelines improved with online education

T. Rebbeck, L. Macedo, P. Paul, L. Trevena and I. D. Cameron 688

BOOK REVIEW

Democratic governance and health: hospitals, politics and health policy in New Zealand 695

TB testing has evolved – has your practice?

QuantiFERON®-TB Gold

Find out today how you can improve TB screening by switching to QuantiFERON-TB Gold (QFT®):

- Single visit (1)
- Unaffected by BCG vaccination (1–3)
- Highly accurate (1–4)

Visit us at www.QuantiFERON.com

Australia/New Zealand ■ QIAGEN Pty Ltd ■ +61-3-9840-9800 ■ orders-au@qiagen.com

www.QuantiFERON.com

QuantiFERON®-TB Gold (QFT®) is an in vitro diagnostic aid for detection of *Mycobacterium tuberculosis* infection (including disease) and is intended for use in conjunction with risk assessment, radiography, and other medical and diagnostic evaluations. QFT results alone cannot distinguish active TB disease from latent infection. QFT Package Inserts, available in multiple languages, as well as up-to-date licensing information and product-specific disclaimers can be found at www.QuantiFERON.com.
