Review

- Fleece rot in sheep: a review of pathogenesis, aetiology, resistance and vaccines
Ian Colditz, Tony Vuocolo, Stuart Denman, Aaron Ingham, Gene Wijffels, Peter James and Ross Tellam 201–215

Genetics and Genomics

- Genetic evaluation of lactation persistency in the Gyr breed by using a two-trait random regression model
L. G. González-Herrera, R. J. Pereira, L. El Faro and L. G. Albuquerque 216–224
- Estimates of genetic parameters, principal components and cluster analysis for milk yield and body weight in Guzera cattle
Manuela Pires Monteiro Gama, Rodrigo Pelicioni Savegnago, Henrique Torres Ventura, Mariana Alencar Pereira, Luara Afonso Freitas, Claudia Cristina Paro Paz and Lenira El Faro 225–233

Nutrition and Performance

- Effects of dietary supplementation with *Artemisia argyi* alcohol extract on growth performance, blood biochemical properties and small intestinal immune markers of broilers challenged with lipopolysaccharide
Shuo Yang, Jing Zhang, Yang Jiang, Yuanqing Xu, Xiao Jin, Sumei Yan and Binlin Shi 234–247
- Effects of conjugated linoleic acid on growth performance, nutrient digestibility and blood biochemical indexes of male sika deer (*Cervus nippon*)
Bao Kun, Wang Xiaoxu, Wang Kaiying, Li Guangyu and Liu Hanlu 248–253
- Dietary supplementation with biosynthesised nano-selenium affects growth, carcass characteristics, meat quality and blood parameters of broiler chickens
M. Khajeh Bami, M. Afsharmanesh and M. Espahbodi 254–262

Feed Quality and Nutritional Value

- Energy sources in diets for lambs in confinement
Taiala C. de J. Pereira, Mara L. A. Pereira, Herymá G. de O. Silva, Alana B. dos Santos, Leandro S. O. Ribeiro, Douglas dos S. Pina, Leandro B. Sousa and Gleidson G. P. de Carvalho 263–273

Production Systems

- Characterisation of productive performance, body reserve dynamics and energy metabolic parameters of Holstein Friesian and Normande dairy cows managed in a low-input pastoral dairy system
Ezequiel Jorge-Smeding, Laura Astigarraga, Cecilia Loza, Mariana Carriquiry, Daniel E. Rico and Andrea Álvarez-Oxiley 274–283

Technology and Management

- Validation of hand-held refractometers for assessing Merino ewe colostrum and neonatal lamb serum
Alyce M. Swinbourne, Nada Blagojevic, Nicholas J. Murdock, Holly B. Mills, Tom Flinn, Niki L. McCarthy, Jennifer M. Kelly, David O. Kleemann and William H. E. J. van Wettere 284–294
- Validation of body condition score based on subcutaneous fat thickness measurements in primiparous Gyr cows
Catiúcia Oliveira Miranda, Ana Carolina Almeida Rollo de Paz, Ricardo Dutra do Bem, Glayk Humberto Vilela Barbosa, Maria Eugênia Zerlotti Mercadante, Aníbal Eugênio Vercesi Filho, André Rabelo Fernandes and Lenira El Faro 295–300
