## Special Issue: Precision Agriculture

**Preface: Use of Precision Agriculture by the Australian grains industry.**

**Economic benefits of variable rate technology: case studies from Australian grain farms.**
*Michael Robertson, Peter Carberry, Lisa Brennan*

**Site-specific variation in wheat grain protein concentration and wheat grain yield measured on an Australian farm using harvester-mounted on-the-go sensors.**
*Brett M. Whelan, James A. Taylor, James A. Hassall*

**Grain yield and protein responses in wheat using the N-Sensor for variable rate N application.**
*A. H. Mayfield, S. P. Trengove*

**Managing soil-borne crop diseases using precision agriculture in Australia.**
*J. W. Heap, A. C. McKay*

**Capturing the in-field spatial–temporal dynamic of yield variation.**
*R. A. Lawes, Y. M. Oliver, M. J. Robertson*

**Advances in precision agriculture in south-eastern Australia. I. A regression methodology to simulate spatial variation in cereal yields using farmers’ historical paddock yields and normalised difference vegetation index.**
*P. D. Fisher, M. Abuzar, M. A. Rab, F. Best, S. Chandra*

**Advances in precision agriculture in south-eastern Australia. II. Spatio-temporal prediction of crop yield using terrain derivatives and proximally sensed data.**
*N. J. Robinson, P. C. Rampant, A. P. L. Callinan, M. A. Rab, P. D. Fisher*

**Advances in precision agriculture in south-eastern Australia. III. Interactions between soil properties and water use help explain spatial variability of crop production in the Victorian Mallee.**

**Advances in precision agriculture in south-eastern Australia. IV. Spatial variability in plant-available water capacity of soil and its relationship with yield in site-specific management zones.**
*M. A. Rab, P. D. Fisher, R. D. Armstrong, M. Abuzar, N. J. Robinson, S. Chandra*

**Advances in precision agriculture in south-eastern Australia. V. Effect of seasonal conditions on wheat and barley yield response to applied nitrogen across management zones.**
*M. R. Anwar, G. J. O’Leary, M. A. Rab, P. D. Fisher, R. D. Armstrong*

**Does re-vegetating poor-performing patches in agricultural fields improve ecosystem function in the northern sandplain of the Western Australian wheatbelt?**
*R. A. Lawes, M. B. Dodd*
