Volume 15, Numbers 1 and 2

On the role of photosynthetic responses in constraining the habitat distribution of rainforest plants.

Christopher B. Field

p. 354. Equation (1) was printed incorrectly. The equation should read:

$$\partial A_{\text{day}} / \partial N = \lambda, \quad (1)$$

Volume 14, Number 3

Nitrogenous compatible solutes in native South Australian plants. *A. Poljakoff-Mayber, D. E. Symon, G. P. Jones, B. P. Naidu and L. G. Paleg.*

p. 346. In Table 4, the entry under glycinebetaine for *Portulaca oleracea* should be <0.1 , not 51.2 .
