Range of Indian Myna in Queensland.—Notes have appeared recently on the range of the Indian Myna (H. E. Tarr, *Emu*, vol. 49, pp. 189-198, and A. H. Chisholm, *Emu*, vol. 50, pp. 97-99).

Further to these I may add that I noted the Indian Myna at Oakey, south Queensland, when passing through that township on November 20, 1945. This was my only record for the Darling Downs.—ERIC H. SEDGWICK, Leonora, W.A., 15/10/50.
