

PACIFIC CONSERVATION BIOLOGY

Volume 23 • Issue 3 • 2017

CONTENTS

EDITORIAL

- When creativity and inventiveness go bad: problems with peer review
M. Calver 217

REVIEWS

- Ecological consequences of land clearing and policy reform in Queensland
A. E. Reside, J. Beher, A. J. Cosgrove, M. C. Evans, L. Seabrook, J. L. Silcock, A. S. Wenger and M. Maron 219

- Current knowledge of the behavioural ecology of Lumholtz's tree-kangaroo (*Dendrolagus lumholtzi*)
S. Heise-Pavlov 231

- Reduced efficacy of baiting programs for invasive species: some mechanisms and management implications
S. E. Allsop, S. J. Dundas, P. J. Adams, T. L. Kreplins, P. W. Bateman and P. A. Fleming 240

RESEARCH PAPERS

- An invasive ant distribution database to support biosecurity risk analysis in the Pacific
M. A. M. Gruber, M. Cooling and A. R. Burne 258

- Can ecological thinning deliver conservation outcomes in high-density river red gum forests? Establishing an adaptive management experiment
E. J. Gorrod, P. Childs, D. A. Keith, S. Bowen, M. Pennay, T. O'Kelly, R. Woodward, A. Haywood, J. P. Pigott and C. McCormack 262

- The remaining koalas (*Phascolarctos cinereus*) of the Pilliga forests, north-west New South Wales: refugial persistence or a population on the road to extinction?
D. Lunney, M. Predavec, I. Sonawane, R. Kavanagh, G. Barrott-Brown, S. Phillips, J. Callaghan, D. Mitchell, H. Parnaby, D. C. Paull, I. Shannon, M. Ellis, O. Price and D. Milledge 277

- Preliminary observations of dingo responses to assumed aversive stimuli
R. Appleby, B. Smith, J. Mackie, L. Bernede and D. Jones 295

RESEARCH NOTE

- Camera trap evidence of red fox (*Vulpes vulpes*) predation attempts on adult macropods
P. D. Meek and J. Wishart 302

- Book reviews** 306
