

# Australian Journal of Primary Health

**CONTENTS** Volume 18 • Issue 4 • 2012

## EDITORIAL 265

## LETTER TO THE EDITOR

Cervical cancer screening and abnormalities among women in a residential drug-rehabilitation program  
*D. M. Tilley, S. Hristov, D. J. Templeton, N. C. Sharp and C. C. O'Connor* 266

## PRACTICE & INNOVATION

Filters and hubs: shortening the distance to palliative care evidence  
*J. J. Tieman* 268

## RESEARCH

Do rural primary health care nurses feel equipped for palliative care?  
*M. Cumming, F. Boreland and D. Perkins* 274

Screening for abdominal aortic aneurysm: does it affect men's quality of life?  
*M. Lesjak, F. Boreland, D. Lyle, J. Sidford, S. Flecknoe-Brown and J. Fletcher* 284

What factors contribute most to the retention of general practitioners in rural and remote areas?  
*Deborah J. Russell, Matthew R. McGrail, John S. Humphreys and John Wakerman* 289

Enhanced Primary Care improves GP service regularity in older patients without impacting on service frequency  
*David A. J. Gibson, Rachael E. Moorin, David Preen, Jon Emery and C. D'Arcy J. Holman* 295

Sustaining cardiovascular absolute risk management in Australian general practice  
*Ruhie Vaidya, Keval V. Pandya, Elizabeth Denney-Wilson and Mark Harris* 304

'You're more likely to tell the GP if you're asked': women's views of care from general practitioners in the first postpartum year  
*Stefanie Hartley, Georgina Sutherland, Stephanie Brown and Jane Yelland* 308

Practitioner perceptions of the use of the Triple P – Positive Parenting Program with families from culturally diverse backgrounds  
*Alina Morawska, Matthew R. Sanders, Jennifer O'Brien, Christine McAuliffe, Sue Pope and Emily Anderson* 313

Clients' experience of brief lifestyle interventions by community nurses  
*Bettina Christl, Bibiana Chan, Rachel Laws, Anna Williams, Gawaine Powell Davies, Mark F. Harris and The CN SNAP Trial Research Team* 321

Identifying intimate partner violence when screening for health and lifestyle issues among women attending general practice  
*Kelsey L. Hegarty, Lorna O'Doherty, Jill Astbury and Jane Gunn* 327

Interdisciplinary perspectives on the management of the unsettled baby: key strategies for improved outcomes  
*Pamela S. Douglas, Renata E. Mares and Peter S. Hill* 332

The Healthy Lifestyle Scale for University Students: development and psychometric testing  
*Wang Dong, Xing Xiao-hui and Wu Xian-bo* 339

Reluctant to train, reluctant to prescribe: barriers to general practitioner prescribing of opioid substitution therapy  
*Christine Longman, Meredith Temple-Smith, Gail Gilchrist and Nicholas Lintzeris* 346

## BOOK REVIEW

(Re)Thinking Violence in Health Care Settings  
*Reviewed by Duncan Chappell* 352
