EDITORIAL

Hepatitis B in men who have sex with men and HIV-infected individuals: missed opportunities and future challenges
Nicole Allard and Benjamin Cowie 1–4

RESEARCH PAPERS

Incident hepatitis B infection subsequent to the diagnosis of HIV infection in a Melbourne cohort: missed opportunities for prevention

Amy Body, Jennifer F. Hoy, Allen C. Cheng and Michelle L. Giles 5–10

A comparative study of brain activation patterns associated with sexual arousal between males and females using 3.0-T functional magnetic resonance imaging

Gwang-Won Kim and Gwang-Woo Jeong 11–16

HIV service capacity: identifying current and future areas of clinical shortage

Kylie-Ann Mallitt, James Jansson, Handan Wand, Levinia Crooks and David P. Wilson 17–23

Families of choice and noncollegiate sororities and fraternities among lesbian and bisexual African-American women in a southern community: implications for sexual and reproductive health research

Erika L. Austin, Lisa L. Lindley, Leandro A. Mena, Richard A. Crosby and Christina A. Muzny 24–30

Correlates of condom use among males in North Sudan

Badreldin A. Mohamed 31–36

An evaluation of an express testing service for sexually transmissible infections in low-risk clients without complications

Nimal Gamagedara, Sheranne Dobinson, Rosey Cummings, Christopher K. Fairley and David Lee 37–41

Gender norms and sexual behaviours among men in western Jamaica

Melanie M. Walcott, Ellen Funkhouser, Maung Aung, Mirjam C. Kempf, John Ehiri, Kui Zhang, Marion Bakhoya, Deborah Hickman and Pauline E. Jolly 42–51

Management rates of sexually transmissible infections by Australian general practitioners, 2000–2012

Anthony J. Santella, Allan Pollack, Christopher Harrison, Shailendra N. Sawleshwarkar, Helena C. Britt and Richard J. Hillman 52–57

High prevalence and incidence of HIV, sexually transmissible infections and penile foreskin cutting among sexual health clinic attendees in Papua New Guinea

Andrew Vallely, Claire E. Ryan, Joyce Allen, Joyce C. Sauk, Cassey S. Simbiken, Johanna Wapling, Petronia Kaima, Zure Kombati, Greg Law, Glenda Fehler, John M. Murray, Peter Siba and John M. Kaldor on behalf of the Male Circumcision Acceptability and Impact Study (MCAIS) team 58–66

Uptake, yield and resource requirements of screening for asymptomatic sexually transmissible infections among HIV-positive people attending a hospital outpatient clinic

Stephen Ritchie, Rebecca Henley, Jackie Hilton, Rupert Handy, Joan Ingram, Susan Mundt, Mitzi Nisbet, Mark Thomas and Simon Briggs 67–72

Validity of the Premature Ejaculation Diagnostic Tool in four subgroups of premature ejaculation syndrome: data from the Korean Internet Sexuality Survey – part 1

Sang Hoon Song, Woo Seok Choi, Hwancheol Son and Jae-Seung Paick 73–80

LETTERS

Concurrent partnering and condom use among rural heterosexual African-American men

JaNelle M. Ricks, Angelica Geter, Richard A. Crosby and Emma Brown 81–83

Being drunk and high during sex is not associated with condom use behaviours: a study of high-risk young Black males

Richard A. Crosby, Robin R. Milhausen, Stephanie Sanders, Cynthia A. Graham and William L. Yarber 84–86

Potential gender and age differences in the performance of five condom-related behaviours in the United Kingdom

Jude Hancock 87–88

Rapid HIV testing increases the rate of HIV detection in men who have sex with men: using rapid HIV testing in a primary care clinic

Beng Eu, Norman Roth, Mark Stoové, Mark O'Reilly and Edward Clarke 89–90

Sexual health, vulnerabilities and risk behaviours among homeless adults

Verena Strehlau, Iris Torchalla, Isabelle Linden, Kathy Li and Michael Krausz 91–93

Sexually transmitted infection testing practices among 'money boys' and general men who have sex with men in Shanghai, China: objective versus self-reported status

Lavinia Lin, Eric J. Nehl, Alvin Tran, Na He, Tony Zheng and Frank Y. Wong 94–96
