

ANIMAL PRODUCTION SCIENCE

CONTENTS Volume 52, Issue 9, 2012, 787–879

High-molasses diets for intensive feeding of cattle

R. A. Hunter 787–794

Effects of polymorphism in the 5'-flanking region of the *IGF-I* gene on milk-production traits in Chinese Holstein cattle

M. A. Alim, Yan Xie, Yipeng Fan, Xiaoping Wu, Yi Zhang, Dongxiao Sun, Shengli Zhang, Yuan Zhang, Qin Zhang and Lin Liu 795–798

Effect of dietary fish oil on n-3 fatty acid content of meat from broiler chickens fed low protein diets

Bahman Navidshad, Liang Juan Boo and Amir Akhlaghi 799–805

Heritability of embryonic mortalities in ostrich eggs and factors affecting hatching failure of fertile eggs during artificial incubation

Z. Brand, S. W. P. Cloete, I. A. Malecki and C. R. Brown 806–812

Changes in ruminal microbiota due to rumen content processing and incubation in single-flow continuous-culture fermenters

E. C. Soto, D. R. Yáñez-Ruiz, G. Cantalapiedra-Hijar, A. Vivas and E. Molina-Alcaide 813–822

Effects of the forage content of the winter diet on the growth performance and carcass quality of steers finished on mountain pasture with a barley supplement

M. Blanco, M. Joy, B. Panea, P. Albertí, G. Ripoll, S. Carrasco, R. Revilla and I. Casasús 823–831

Effect of mycotoxin deactivator product supplementation on dairy cows

K. Kiyothong, P. Rowlinson, M. Wanapat and S. Khampa 832–841

Steam-pelleting and feed form of broiler diets based on three coarsely ground sorghums influences growth performance, nutrient utilisation, starch and nitrogen digestibility

P. H. Selle, S. Y. Liu, J. Cai and A. J. Cowieson 842–852

Adding condensed tannins to the diet increases ovulation rate in sheep

G. Banchemo, A. Vázquez, M. Vera and G. Quintans 853–856

Evaluation of green tea by-product and green tea plus probiotics on the growth performance, meat quality and immunity of growing–finishing pigs

M. E. Hossain, S. Y. Ko, K. W. Park, J. D. Firman and C. J. Yang 857–866

Factors affecting antler investment in Iberian red deer

J. A. Gómez, F. Ceacero, T. Landete-Castillejos, E. Gaspar-López, A. J. García and L. Gallego 867–873

Effects of *Bacillus coagulans* ATCC 7050 on growth performance, intestinal morphology, and microflora composition in broiler chickens

Alex Tsungyu Hung, Shu-Yuan Lin, Tsung-Yu Yang, Chun-Kuang Chou, Hsun-Cheng Liu, Jin-Jenn Lu, Bo Wang, Shi-Yi Chen and Tu-Fa Lien 874–879
