	PAGE
Actin-combining Properties of Myosin, the Action of Ninhydrin on	216
Adam, D. B., McNeil, Jean, Hanson-Merz, B. M., McCarthy, D. F., and Stokes, Joan.— The Estimation of Latent Infection in Oranges	1
Aerobic Metabolism in Small Nematode Parasites of the Alimentary Tract. I, II . . .	157, 166
Alimentary Canal of Larval and Adult Lepidoptera, the Hydrogen Ion Concentration in	428
Alkaline Phosphatase, Distribution in Insects	31
Apple, Metabolism during Storage	138
Ascorbic Acid, Distribution in the Tissues of Insects	19
Bacterial Protein, the Nutritive Value of Rumen, in the Sheep	304
Balding, W.M.— See Farrer, K. T. H., <i>et al.</i>	355
Barnard, C.— Microsporogenesis, Macrosporogenesis, and Development of the Macrogametophyte and Seeds of <i>Duboisia Leichhardtii</i> (F.v.M.) and <i>D. myoporoides</i> (R.Br.)	241
Butterfat, Victorian, Seasonal Variations in the Vitamin A Content of	355
Calaby, J. H.— See Gilmour, D.	216
Carter, H. B.— See Ferguson, K. A.	42
Chattaway, M. Margaret.— The Development of Tyloses and Secretion of Gum in Heartwood Formation	227

	PAGE
<i>Chloromyxum thyrsites</i> , On the Vegetative Forms and Life History of, and its Doubtful Systematic Position	379
Cornish, E. A.— Yield Trends in the Wheat Belt of South Australia during 1896-1941	83
Day, M. F.— The Distribution of Ascorbic Acid in the Tissues of Insects	19
The Distribution of Alkaline Phosphatase in Insects	31
The Occurrence of Mucoid Substances in Insects	421
Day, M. F., and Powning, R. F.— A Study of the Processes of Digestion in Certain Insects	175
Dehydroascorbic Acid, Investigations on the Stability and Determination of	346
2,4-Dichlorophenoxyacetic Acid, Mechanism of Action of	154
Digestion in Certain Insects, A Study of the Processes of	175
<i>Duboisia Leichhardtii</i> and <i>D. myoporoides</i> , Microsporogenesis, Macrosporogenesis, and Development of the Macrogametophyte and Seeds of	241
Electron Microscopic Studies of Spermatozoa. I, II	271, 368
Farrer, K. T. H., Balding, W. M., Warren, H. S., and Miller, R. G.— Seasonal Variations in the Vitamin A Content of Victorian Butterfat	355
Ferguson, K. A.— The Effect of Sympathectomy on Wool Growth	438
