	PAGE
Antibody Response to Tobacco Mosaic Virus in Rabbits, The Inheritance of	111
Apple Fruits, The Physiology of Growth in. VI. The Control of Respiration Rate and Synthesis	1
VII. Between-Tree Variation of Cell Physiology in Relation to Disorder Incidence ..	211
Arsenite, Bacterial Oxidation of—	
I. Description of Bacteria Isolated from Arsenical Cattle-dipping Fluids ..	452
II. The Activity of Washed Suspensions	479
III. Cell-free Arsenite Dehydrogenase	496
IV. Some Properties of the Bacterial Cytochromes ..	504
Ash, A. S. F., and Reynolds, T. M.—	
Water-soluble Constituents of Fruit. I. Some Observations on the Occurrence of Free Galacturonic Acid in Fruit ..	435
<i>Asterococcus mycoides</i> , the Organism of Bovine Pleuropneumonia, The Breakdown of Carbohydrates by	18
The Breakdown of Pyruvate by	31
The Pathway for Glucose Oxidation by	37
Austin, C. R.—	
See Braden, A. W. H. 391, 543, 552	
Austin, C. R., and Braden, A. W. H.—	
Time Relations and Their Significance in the Ovulation	

	PAGE
and Penetration of Eggs in Rats and Rabbits	179
Induction and Inhibition of the Second Polar Division in the Rat Egg and Subsequent Fertilization	195
Anomalies in Rat, Mouse, and Rabbit Eggs	537
<i>Austroagallia torrida</i> , the Leafhopper, Rugose Leaf Curl—A New Virus Disease Transovarially Transmitted by ..	47
Bacterial Oxidation of Arsenite.	
I. Description of Bacteria Isolated from Arsenical Cattle-dipping Fluids ..	452
II. The Activity of Washed Suspensions	479
III. Cell-free Arsenite Dehydrogenase	496
IV. Some Properties of the Bacterial Cytochromes ..	504
