

Australian Journal of Biological Sciences

Volume 37

Melbourne 1984

Australian Journal of Biological Sciences

A journal for the publication of the results of fundamental research in biochemistry, molecular biology, cell biology, microbiology, genetics, physiology, endocrinology and reproductive biology.

This journal is one of the Australian Journals of Scientific Research published by the Commonwealth Scientific and Industrial Research Organization with the cooperation of the Australian Academy of Science. Editorial policy for the journal series is developed by a Board of Standards appointed jointly by CSIRO and the Australian Academy of Science.

Advisory Committee

Acceptance of papers for this journal is in the hands of an Advisory Committee appointed after consultation with the Board of Standards. All papers are refereed externally. Committee members advise editors on the selection of referees and adjudicate in the case of conflicting or adverse reports.

Chairman R. G. Wake, University of Sydney

Members J. K. Findlay, Medical Research Centre,
Prince Henry's Hospital, Melbourne
D. M. de Kretser, Monash University
K. C. Marshall, University of New South Wales
W. J. Peacock, Division of Plant Industry, CSIRO
E. O. P. Thompson, University of New South Wales
D. A. Titchen, University of Sydney
B. J. Walby (*Editor-in-Chief*)

Editors

L. A. Bennett
R. D. Hooley

Issued six times a year

The Notice to Authors is published in the first issue of each volume. Copies are available on request.

Annual subscription
\$A80 (surface)
\$A92 (airmail)
\$A25 (microfiche)

All inquiries and manuscripts should be forwarded to:

Australian Journal of Biological Sciences

Contents Volume 37 Numbers 1 and 2 1984

Editorial report for 1983 xi

Biochemistry

Changes in milk carbohydrates and electrolytes during early lactation in the tammar wallaby, *Macropus eugenii*. M. Messer, M. Griffiths and B. Green 1

Studies on the apoproteins of the major lipoprotein of hen's eggs. V. Protein sulfhydryl groups: accessibility in the lipoprotein and the effect of temperature. T. H. L. Nguyen and R. W. Burley 7

Cell Biology

Monoclonal antibody studies of α -keratin low-sulfur proteins. Dean R. Hewish, Christine P. Robinson and Lindsay G. Sparrow 17

Immunohistochemical demonstration of somatostatin in the pancreas of fetal and adult sheep. S. Reddy, J. R. Oliver and R. B. Elliott 25

Microbiology

Sensitivity to oxygen of nitrogenase activity in *Rhizobium* strain ANU289 of the non-legume *Parasponia* (Ulmaceae). S. S. Mohapatra and P. M. Gresshoff 31

Synthesis and degradation of aflatoxin by *Aspergillus parasiticus*. I. Synthesis of aflatoxin B₁ by young mycelium and its subsequent degradation in aging mycelium. V. L. Huynh and A. B. Lloyd 37

Genetics

Estimation of the relative viabilities of insecticide resistance genotypes of the Australian sheep blowfly *Lucilia cuprina*. J. A. McKenzie and M. J. Whitten 45

Rates of sex chromosome loss during development in different tissues of the bandicoots *Perameles nasuta* and *Isodon macrourus* (Marsupialia : Peramelidae). R. L. Close 53

Reproductive Biology

Isolation of choriomammotropin from the ovine placentome.

C. M. Leach Harper, V. L. Ford and G. D. Thorburn 63

Season and photoperiod effects on follicles and atresia in the sheep ovary.

L. P. Cahill, C. M. Oldham, Y. Cognie, J. P. Ravault and P. Mauleon 71

Effects of progesterone alone and in combination with either corticosterone, 17β -estradiol or insulin on prolactin-stimulated fatty acid synthesis in mammary explants from pseudopregnant rabbits. *P. Martyn and I. R. Falconer* 79

Corrigendum 6

Australian Journal of Biological Sciences

Contents Volume 37 Number 3 1984

Microbiology

Isolation of a new arbovirus from the tick *Argas robertsi* from a cattle egret (*Bubulcus ibis coromandus*) colony in Australia. T. D. St. George, D. H. Cybinski, A. J. Main, N. McKilligan and D. H. Kemp 85

Douglas and Tinaroo viruses: two Simbu group arboviruses infecting *Culicoides brevitarsis* and livestock in Australia. D. H. Cybinski 91

The macropodid oesophagus. II. Morphological studies of its adherent bacteria using light and electron microscopy. D. L. Obendorf 99

The macropodid oesophagus. IV. Observations on the protozoan fauna of the macropodid stomach and oesophagus. D. L. Obendorf 117

Synthesis and degradation of aflatoxins by *Aspergillus parasiticus*.

II. Comparative toxicity and mutagenicity of aflatoxin B₁ and its autolytic breakdown products. V. L. Huynh, R. G. Gerdes and A. B. Lloyd 123

Genetics

Sex-chromosome mosaicism in the lemur-like possum *Hemibelideus lemuroides* (Marsupialia : Petauridae). G. M. McKay, L. R. McQuade, J. D. Murray and S. R. von Sturmer 131

Reproductive Biology

Synthesis and degradation of labelled glycogen pools in preimplantation mouse embryos during short periods of *in vitro* culture. W. R. Edirisinghe, R. G. Wales and I. L. Pike 137

Effect of human seminal plasma and mouse accessory gland extracts on mouse fertilization *in vitro*. P. Quinn and A. J. Begley 147

Development of myometrial electrical activity during the first half of pregnancy in the sheep. J. N. Sigger, R. Harding and A. Bailey 153

Feature article: Reproductive biology of the Booroola Merino.
B. M. Bindon 163

Volume 37, Numbers 1 and 2, was published on 7 May 1984

Australian Journal of Biological Sciences

Contents Volume 37 Number 4 1984

Biochemistry

Amino acid sequence of the globin IIB chain of the dimeric haemoglobin of the bivalve mollusc *Andara trapezia*. W. K. Fisher, A. T. Gilbert and E. O. P. Thompson 191

Deacylation rate constants of acylated human and porcine plasmins. Ashley B. McLaren and Kazutaka Tanizawa 205

Molecular Biology

Ribosomal gene reiteration in a marsupial species with an X-linked nucleolar organizer. A. J. Robins, D. L. Hayman and J. R. E. Wells 211

Cell Biology

Erythral response of biologically denuded sheep to sunlight and the effects on skin structure and wool growth. R. E. Chapman, J. W. Bennett and N. B. Carter 217

Cortical cell types and their distribution in wool fibres. Donald F. G. Orwin, Joy L. Woods and Stephen L. Ranford 237

Microbiology

A sensitive procedure for screening microorganisms for the presence of penicillin amidase. W. L. Baker 257

Reproductive Biology

Total and free plasma concentrations of progesterone, cortisol and oestradiol-17 β during pregnancy, parturition and early lactation in sows. J. L. Whitely, D. L. Willcox, J. A. Newton, G. D. Bryant-Greenwood and P. E. Hartmann 267

Genetics

Studies on the scutellar bristles of *Drosophila melanogaster*. IV. Selection for low bristle number in Oregon-RC wild-type lines. B. L. Sheldon and M. K. Evans 277

Volume 37, Number 3, was published on 17 July 1984

Australian Journal of Biological Sciences

Contents Volume 37 Numbers 5 and 6 1984

Mini-Reviews

Oncogenes. *Jerry M. Adams* 303

Transposable elements in maize—the activator–dissociation (Ac–Ds) system.
E. A. Howard and E. S. Dennis 307

Variable nature of the bacterial cell surface. *A. J. Wicken and
K. W. Knox* 315

Biochemistry

Constituents of platypus and echidna milk, with particular reference to the fatty acid complement of the triglycerides. *Mervyn Griffiths, Brian Green, R. M. C. Leckie, Michael Messer and K. W. Newgrain* 323

Cell Biology

Morphology of the ultimobranchial body in cockerels. *P. A. J. Monsour and B. J. Kruger* 331

Microbiology

Serological and biochemical factors in bovine ephemeral fever.
*T. D. St George, D. H. Cybinski, G. M. Murphy and
Corrine K. Dimmock* 341

Isolation of arboviruses from insects collected at Beatrice Hill, Northern Territory of Australia, 1974–1976. *H. A. Standfast, A. L. Dyce, T. D. St George, M. J. Muller, R. L. Doherty, J. G. Carley and Cheryl Filippich* 351

Genetics

Dieldrin and diazinon resistance in populations of the Australian sheep blowfly, *Lucilia cuprina*, from sheep grazing areas and rubbish tips.
J. A. McKenzie 367

Physiology

Partitioning of nutrients in Merino ewes. I. Contribution of skeletal muscle, the pregnant uterus and the lactating mammary gland to total energy expenditure. *V. H. Oddy, J. M. Gooden and E. F. Annison* 375

Reproductive Biology

Effects of ovarian hormones on ovarian capillary blood flow in anoestrous ewes. *B. W. Brown and P. E. Mattner* 389

Feature article: Early pregnancy factor (EPF): a link between fertilization and immunomodulation. *Halle Morton* 393
