SUMMARY

In order to make a clearer comparison of the morphologies of Ag/ZnO, we have provided the SEM images (Figure S1) of AZ-000, AZ-100, AZ-200, AZ-300 under the magnification of 50 thousand times.

Figure S1 SEM images of AZ-000 (A), AZ-100 (B), AZ-200 (C) and AZ-300 (D) under the magnification of 50 thousand times.
