

# Index

## A

animal welfare resources 23–4, 219  
animal welfare scoring 150–3, 216–18  
Asian dairy farming 8–10, 160–2

## B

behavioural problems 16–17, 61–7  
body condition score 104–6, 153–6

## C

calf management 2–23, 54–5, 93–5  
case studies of cow welfare 153–7,  
173–4  
checklists 176–80, 201–3, 208–15  
constraints to animal welfare 167–9  
cow cleanliness 90–2, 114–15  
cow colonies 164–7  
cowpersonship 57–60  
cow milk yields 171–3  
cow shed design 81–3, 137–40  
cow stalls 83–4, 128–37

## D

descriptors of cow behaviour 46  
domestication 27–9  
dung scoring 116–20

## F

fear 45–6  
five basic freedoms of livestock 147,  
183–90  
flight zone 48–51

## G

genotypes 194–7

## H

hearing 42  
heat stress 18–19, 97–102, 121–2, 207  
hoof scoring 110–12  
housing 17, 29–31, 81–3, 140–4  
human interactions 33–5

## I

indicator animals and locations 74–6

## K

key performance indicators 147–50,  
169–71

## L

lameness 18, 31–2, 79, 106–9  
leg scoring 112–14  
loose housing 131–7

## M

model farms 198–203

## O

observe (don't just look) 72–3

## P

painful husbandry practices 20–2,  
44–5

## R

reproductive behaviour 54  
risk management 76–7  
risk groups 87–8  
rumen fill 92, 115–17

**S**

smell 42–3

stalls *see* cow stalls

standard operating procedures 182–3

stereotypic behaviour 46–8

**T**

taste 43

teat health 120–1

temperament 56–7

tethering 20, 127–31

touch 43–4

**V**

vision 41–2, 52–3

vocal behaviour 53

**W**

welfare (definitions) 14–15

what do cows really want? 10–12
