

# PACIFIC CONSERVATION BIOLOGY

Volume 5

Number 2

ISSN 1038-2097

## Contents

### EDITORIAL

- The Precautionary Principle. *H. F. Recher.* 77

### FORUM ESSAY

- Correspondence — Environmental Management: the Precautionary Principle and Null Hypotheses. *D. W. Goodall.* 78
- Response. *M. C. Calver, J. S. Bradley and I. W. Wright.* 80

### RESEARCH PAPERS

- Survival of Mount Eden Bush, an urban forest remnant in Auckland, New Zealand. *M. C. Smale and R. O. Gardner.* 83
- Population structure and movements of introduced rats in an Hawaiian rainforest. *G. D. Lindsey, S. M. Mosher, S. G. Fancy and T. D. Smucker.* 94
- Notes on breeding and conservation of birds on Niuafo'ou Island, Kingdom of Tonga. *A. Göth and U. Vogel.* 103
- COPY: A new technique for evaluation of biodiversity protection projects. *R. Cullen, G. A. Fairburn and K. F. D. Hughey.* 115
- Development and application of procedures to identify and conserve threatened ecological communities in the South-west Botanical Province of Western Australia. *V. English and J. Blyth.* 124
- A test of the variable circular-plot method where exact density of a bird population was known. *J. T. Nelson and S. G. Fancy.* 139
- Uncertainty in assessing the viability of the Powerful Owl *Ninox strenua* in Victoria, Australia. *M. A. McCarthy, A. Webster, R. H. Loyn and K. W. Lowe.* 144

### BOOK REVIEWS

- Conservation Biology for the Australian Environment. *A. Agocs, J. Eyres, U. Goelt, D. Horrocks, L. McQuillan, C. Norwood, M. Robertson and A. Watson.* 155
- The Improvers' Legacy: Environmental Studies of the Hawkesbury. *S. Cumming.* 157
- Linkages in the Landscape: The Role of Corridors and Connectivity in Wildlife Conservation. *C. Norwood.* 158
- Australian Freshwater Ecology. Processes and Management. *P. Horwitz.* 159

Papers submitted to *Pacific Conservation Biology* are vigorously reviewed and edited. Nonetheless, the views put by authors are their own and do not necessarily reflect those of the editors or the Publisher.

### COPYRIGHT

Submission of a paper to *Pacific Conservation Biology* will be taken to imply that it presents original unpublished work, not under consideration for publication elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the Publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microfilm or any other reproductions of similar nature, and translations.

Permission to publish illustrations must be obtained by the author before submission and any acknowledgements should be included in the captions.

ON FRONT COVER: Shrublands and woodlands of the Perth to Gingin ironstone. A critically endangered ecological community that has a distinctive herb layer and occurs near Perth, Western Australia. The dominant pink daisy is *Rhodanthe manglessii*. Photograph Val English.
