Preface	ix	Climate change since the Late Cretaceous	21
Acknowledgments	xi	Co-occurrence of palm species in Australia and New Guinea	24
1 INTRODUCTION	1	Summary	27
Economic botany	5	Systematic arrangement of fossil palm taxa from Australia and New Zealand	30
Endangerment and conservation of Australian palms	5	4 DISTRIBUTION AND ECOLOGY	31
2 EARLY DOCUMENTATION OF AUSTRALIAN PALMS	7	Australian palms and their environments	31
European plant collectors and botanists in Australia before settlement	7	Palms in the landscape	31
Explorers, naturalists and botanists after settlement	8	Phytogeographical regions in Australia	33
Allan Cunningham	10	Distribution patterns	33
Carl Friedrich Phillip von Martius: <i>Historia Naturalis Palmarum</i>	11	Remote species of <i>Livistona</i>	34
Ferdinand von Mueller	11	Remote global distribution: <i>Oraniopsis</i>	36
Hermann Wendland and Oscar Drude: <i>Palmae Australasicae</i>	11	Lord Howe Island	37
George Bentham: <i>Flora Australiensis</i>	11	Ecological amplitude	37
Frederick Manson Bailey	11	Climate	39
Karel Domin	12	Edaphic preferences	39
Odoardo Beccari	13	Fire	39
Max Burret	13	<i>Fire and Livistona</i>	39
Post-1900	13	Cyclones	42
Recent contributions to Australian palm botany	13	<i>Adaptation of palms to wind stress</i>	42
Summary	13	Altitude and elevational ranges of palm species	45
3 HISTORICAL BIOGEOGRAPHY	15	Demography and population dynamics	46
The fossil record	15	Population genetics	48
Australian and New Zealand palm fossils	16	Other ecological aspects	49
		Summary	49
		5 SYSTEMATIC ARRANGEMENT OF THE AUSTRALIAN PALM FLORA	51
		Phylogenetic relationships of Australian palms	51

Family description	51	Archontophoenicinae	170
Key to subfamilies in Australia	54	<i>Archontophoenix</i>	171
6 SUBFAMILY 1: CALAMOIDEAE	55	Basseliniinae	187
<i>Classification and relationships</i>	55	<i>Lepidorrhachis</i>	188
<i>Calamus</i>	56	Linospadicinae	192
7 SUBFAMILY 2: NYPOIDEAE	83	<i>Linospadix</i>	193
<i>Classification and relationships</i>	83	<i>Laccospadix</i>	206
<i>Nypa</i>	83	<i>Howea</i>	208
8 SUBFAMILY 3: CORYPHOIDEAE	87	Ptychospermatinae	214
<i>Classification and relationships</i>	87	<i>Ptychosperma</i>	214
Livistoninae	88	<i>Carpentaria</i>	223
<i>Livistona</i>	88	<i>Wodyetia</i>	225
<i>Licuala</i>	136	<i>Normanbya</i>	228
Caryoteae	141	Rhopalostylidinae	233
<i>Caryota</i>	141	<i>Rhopalostylis</i>	233
<i>Arenga</i>	144	<i>Hedyscepe</i>	237
Coryphea	153	Unplaced Areceae	240
<i>Corypha</i>	153	<i>Hydriastele</i>	240
9 SUBFAMILY 4: CEROXYLOIDEAE	159	11 DOUBTFUL AND EXCLUDED NAMES	251
<i>Classification and relationships</i>	159	12 FIELD IDENTIFICATION OF AUSTRALIAN PALM SPECIES	255
<i>Oraniopsis</i>	159	Checklist of genera and species	259
10 SUBFAMILY 5: ARECOIDEAE	165	Glossary	261
<i>Classification and relationships</i>	165	Abbreviations	267
Cocoseae	165	Herbarium acronyms	269
<i>Cocos</i>	166	References	271
Areceae	170	Index	283
