Preface	xii
<b>PART I GENETICS, REPRODUCTION AND DEVELOPMENT</b>	<b>1</b>
1 Mapping genes on tammar wallaby target chromosomes J.E. Deakin and J.A.M. Graves	3
2 Genetic architecture of the macropodid immune system H.V. Siddle, C.E. Sanderson, J.E. Deakin and K. Belov	13
3 Marsupials as models for mammalian pre-natal development: the tammar wallaby D. Hickford	25
4 Population genetic studies of the Macropodoidea: a review M.D.B. Eldridge, M.P. Piggott and S.L. Hazlitt	35
5 Sex chromosome microsatellites: new tools for macropodoid population ecology A.J. MacDonald, S.D. Sarre and N.N. FitzSimmons	53
6 Sperm competition in the Macropodoidea: a review of evidence J.Z. Paplinska, R. Bencini, D.O. Fisher, G.R. Newell, A.W. Goldizen, S.L. Hazlitt, D.P. Sigg, G.R. Finlayson, A.J. Munn, B.K. Chambers and D.A. Taggart	65
7 Dominance and paternity in the tammar wallaby E.J. Miller, M.D.B. Eldridge and C.A. Herbert	77
8 Strong matrilineal structuring in the brush-tailed rock-wallaby confirmed by spatial patterns of mitochondrial DNA S.L. Hazlitt, M.D.B. Eldridge and A.W. Goldizen	87
<b>PART II MORPHOLOGY AND PHYSIOLOGY</b>	<b>97</b>
9 Energetic characteristics of macropodoid locomotion T.J. Dawson and K.N. Webster	99
10 Development of endothermy and non-shivering thermogenesis in the Tasmanian bettong: a review R.W. Rose	109

11	Mechanistic explanations for drought-related mortality of juvenile red kangaroos: implications for population dynamics and modelling A.J. Munn and T.J. Dawson	117
12	Mesial drift and mesial shift in the molars of four species of wallaby: the influence of chewing mechanics on tooth movement in a group of species with an unusual mode of jaw action R.G. Lentle and I.D. Hume	127
13	Functional pedal morphology of the extinct tree-kangaroo <i>Bohra</i> (Diprotodontia: Macropodidae) N.M. Warburton and G.J. Prideaux	137
<b>PART III ECOLOGY</b>		<b>153</b>
14	Mycophagy in a community of macropodoid species K. Vernes	155
15	Determining the diet of tammar wallabies on Garden Island, Western Australia, using stable isotope analysis A. McMillan, G. Coupland, B.K. Chambers, H.R. Mills and R. Bencini	171
16	Ecology and conservation of the antilopine wallaroo: an overview of current knowledge E.G. Ritchie	179
17	Effect of habitat type, sex and time of day on space use by the swamp wallaby J. Di Stefano, M. Swan, A. Greenfield and G. Coulson	187
18	Reassessing the spatial and temporal dynamics of kangaroo populations A.R. Pople, G.C. Grigg, S.R. Phinn, N. Menke, C. McAlpine and H.P. Possingham	197
19	Impact of human disturbance on the population dynamics and ecology of tammar wallabies on Garden Island, Western Australia B.K. Chambers and R. Bencini	211
20	Habitat partitioning among sympatric grey kangaroos and swamp wallabies in box-ironbark remnants B. Schmidt, G. Coulson and J. Di Stefano	219
21	Diversity and distribution of helminth parasites in macropodoid marsupials I. Beveridge, D.M. Spratt and P.M. Johnson	231
<b>PART IV MANAGEMENT</b>		<b>243</b>
22	Returning the rat-kangaroos: translocation attempts in the family Potoroidae (superfamily Macropoidea) and recommendations for conservation G.R. Finlayson, S.T. Finlayson and C.R. Dickman	245

23	Cross-fostering and short-term pouch young isolation in macropodoid marsupials: implications for conservation and species management	263
	D.A. Taggart, D.J. Schultz, T.P. Fletcher, J.A. Friend, I.G. Smith, W.G. Breed and P.D. Temple-Smith	
24	Roads as drivers of change for macropodids	279
	D. Ramp	
25	Speed limit, verge width and day length: major factors in road-kills of tammar wallabies on Garden Island, Western Australia	293
	B.K. Chambers, R. Dawson, J. Wann and R. Bencini	
26	Flight response as a causative factor in kangaroo–vehicle collisions	301
	E. Lee, D.B. Croft and D. Ramp	
27	Advances in fertility control technologies for managing overabundant macropodid populations	313
	C.A. Herbert, M.B. Renfree, G. Coulson, G. Shaw, T.E. Trigg and D.W. Cooper	
28	Darting eastern grey kangaroos: a protocol for free-ranging populations	325
	M.W. Roberts, L.E. Neaves, R. Claassens and C.A. Herbert	
29	Monitoring the fate of translocated eastern grey kangaroos at the Gold Coast	341
	K. Higginbottom and S. Page	
30	Managing a kangaroo population by culling to simulate predation: the Wyperfeld trial	349
	D.G. Morgan and P. Pegler	
31	Changes in vegetation condition following kangaroo population management in Wyperfeld National Park	361
	S.A. Gowans, M.S. Gibson, M.E. Westbrooke and P. Pegler	
32	Using harvest statistics to monitor temporal variation in kangaroo density and harvest rate	371
	A.R. Pople, M. Evans, L. Farroway, J. Gilroy, G.C. Grigg, G. Lundie-Jenkins and N. Payne	
	Appendix: Macropod species list	398
	Species Index	403
	Subject Index	406
