Foreword iii
Acknowledgements ix
Dedication xi
Introduction xiii

Chapter 1 Business management 1
Managing a sheep enterprise 1
Business planning 1
Review of all aspects of the current farm business 3
Identifying opportunities to improve farm profitability 7
Decision making 7
Managing risk 9
Marketing wool and meat 12
Setting up a farm management calendar 16

Chapter 2 Pasture growth and management 19
Pasture growth 19
Plant and soil nutrition 23
Other soil factors that affect pasture growth 36
Pasture species 44
Grazing management 48

Chapter 3 Nutrition and feed management 61
The nutritional requirements of livestock 61
Assessing the feed supply 69
Matching feed supply and animal requirements 78
Feeding supplements 88
Assessment of body condition of sheep 96
Ewe nutrition 100
Ram nutrition 104
Weaner nutrition and management 104
Finishing prime lambs 109
Nutrition and wool production 113
Practical tips for supplementary feeding 114

Chapter 4 Drought management 119
Drought management options 119
Drought feeding 124
Alternative feeds 128
