Fig. S1. The single-reflection diamond ATR unit (Pike Technologies, Inc.; Part No. is P025-2100).
Fig. S2. The multiple-reflection horizontal ATR cell unit with a ZnSe crystal (Pike Technologies, Inc.; Part Nos. are P022-1951 and P022-5210). P022-1951 is the HATR platform optics assembly, and P022-5210 is the ZnSe HATR flow-through cell.

Fig. S3. ATR-FTIR spectra of 30 µmol L⁻¹ IHP adsorbed on goethite at pH 5 (a) and 6 (b) as a function of time (min).
