

Corrigendum to: Nickel and copper complexation by natural dissolved organic matter – titration of two contrasting lake waters and comparison of measured and modelled free metal ion concentrations

Kristin K. Mueller, Raoul-Marie Couture, Claude Fortin and Peter G. C. Campbell

Environmental Chemistry [Published 13 December 2023]
doi:[10.1071/EN23021](https://doi.org/10.1071/EN23021)

The authors advise that in the Materials and methods section of the paper, there is a spelling error in the subsection title ‘Speciation simulations with the Windermere Humic Acid model’.

The correct title for this subsection is ‘Speciation simulations with the Windermere Humic **Aqueous** model’.
