Contents

Business

Monitoring marine effects of produced formation water discharge in Bass Strait
1–24

Decommissioning – a path forward for Australia
S. J. Barrymore and J. Ballard
25–33

Drilling fluid waste treatment using polysaccharide-grafted copolymers
K. K. Chandan and G. P. Karmakar
34–46

The tax profile of different models of infrastructure asset ownership and funding
M. Chang
47–57

From initial advice statement to export – a 10 year retrospective of Queensland’s liquefied natural gas industry
P. Downey, J. Thomas and M. Stone
58–69

Demonstrating an acceptable level of impact: an assessment of noise impacts to fishes from a seismic survey in an Australian Marine Park
J. Edgell, J. Colman, S. Jarvis and O. Glade-Wright
70–81

Oil and gas project management and success: a critical evaluation of oil and gas project management success in Australia
C. Ikediashi and B. Bjeirmi
82–89

Safe and efficient delivery of logistics solutions to coal seam gas well sites, utilising our ‘Well in a Box’ methodology
J. King and B. Yeong
90–94

Towards the development of a baseline for surface movement in the Surat Cumulative Management Area
M. S. Masoudian, C. Leonardi, Z. Chen and J. Underschultz
95–114

Synergies in the role of the Office of Groundwater Impact Assessment and the Independent Expert Scientific Committee on coal seam gas and large coal mining development in environmental assessments
C. Pigram, S. Pandey and P. Baker
115–119

Australia – how do we compare as an exploration destination?
M. Quinn
120–133

Has the ‘Golden Age of Gas’ bypassed Australia?
J. Stabler
134–155

Engineering

Decision making through a Bayesian network for a pipeline in design
F. Ayello, G. Liu and J. Zhang
156–165

Challenges in modelling of hydraulic fracturing in low-permeability coal seams with complex cleat networks and stress regimes
M. A. Aghighi, R. Johnson Jr. and C. Leonardi
166–178

An Australian first initiative to re-develop the first commercial onshore oilfield into a CO₂ miscible-EOR project
S. Barakat, B. Cook, K. D’Amore, A. Diaz and A. Bracho
179–195

Real-time drilling optimisation – driving drilling excellence
A. Barhate, P. Patel and E. Abrahamsen
196–210

The use of integrated production modelling to assess network efficiency and production system optimisation
Y. Fei, G. Lydyard, A. Mantopoulos, D. Marques and M. Rondon
211–220
