

Volume 59 • Issue 2 • Conference proceedings • 2019

CONTENTS

YEAR IN REVIEW

Australian petroleum production and development 2018

G. Bethune

482–492

PESA Australian Exploration Review 2018

D. Lockhart and D. Spring

493–504

‘Back to the Future’ A review of Australian reservation and other natural gas export control policies

J. Plumb

505–512

BUSINESS – EXTENDED ABSTRACTS

The power of digital: workplace tools to modernise safety compliance

K. V. Ahlgren and N. Shibi

513–515

Groundwater management – working with Queensland and EPBC regulation and processes

J. Barker, S. Pandey, J. McKeay, K. Birch and M. Paull

516–519

Gas markets – a bridge too far?

G. Bethune and R. Wilkinson

520–522

Darwin Harbour – a partnership approach to understanding and evaluating environmental challenges

R. Brinkman, E. Butler, T. O’Connor and C. Streten

523–525

A practical guide to IT OT convergence – getting value from your business analytics

R. Byfield

526–530

Forecasting growth of the Australian unconventional oil and gas services market

R. Carbrey

531–533

The Great Australian Bight Right Whale Study, 1991–2018: bridging the gap between science and industry to provide baseline data for impact assessment in oil and gas

C. Charlton, R. D. McCauley and R. Ward

534–538

The hardy perennials of maintenance

N. Clegg

539–541

East coast gas: resource potential at different gas price scenarios (Part 2: commercialisation of unconventional gas resources)

J. Collins, I. Cockerill and Z. Rasheed

542–545

Australia’s shale industry – how we can become globally competitive

P. Cox

546–548

Technical safety: use of concept risk assessment for field development certainty

C. Crowley and D. Ashton

549–553

Signposts to a robust liquid LNG market

B. Cullinane, S. Sakmar and N. Hill

554–559

Reflections of a contemporary gas regulator in Queensland

W. Date

560–564

360-degree stakeholder management driving successful CO₂ storage research*A. De Fina, M. Chable and C. Wills*

565–570

Constructivism: an answer to activism

T. Diamond

571–573

Securing industrial systems in a digital world <i>B. Dickinson and D. Wilkinson</i>	574–577
Integrated activity planning: a proven approach to optimising operations outcomes <i>B. Farrell and V. Mulgund</i>	578–581
Renewed energy in Asia's upstream <i>G. Farruggio and D. Dixon</i>	582–585
Blockchain in oil and gas: a collaborative approach <i>L. C. Gallacher and D. Champion</i>	586–590
Rigorous decommissioning decision making with strong stakeholder engagement using comparative assessment <i>P. L. Gordon, E. H. Poot and G. S. O'Connor</i>	591–595
Biofouling risk management for the importation of a floating production, storage and offloading (FPSO) facility and the central processing facility (CPF); the world's largest semi-submersible platform <i>N. Gust, A. Coutts, P. Lewis, R. Tigges, J. Prout and S. Carter</i>	596–600
Eliminating fatalities from the upstream oil and gas industry <i>C. Hawkes</i>	601–604
Finding a home for Australian LNG in developing power markets <i>C. Henderson and D. Miller</i>	605–608
Digitalisation as a critical tool in resource asset valuations, acquisitions and dispositions <i>D. W. Hollett and C. N. Phasey</i>	609–611
Reducing maintenance burden on established facilities through a targeted risk review of safety critical equipment <i>B. Innes</i>	612–614
Social licence has changed. It is time to build trust with society using the tools of today <i>A. Johnston-Billings, L. Pogmore and M. Kaiser</i>	615–618
Blue hydrogen production: a case study to quantify the reduction in CO ₂ emission in a steam methane reformer based hydrogen plant <i>N. Kritzinger, R. Ravikumar, S. Singhal, K. Johnson and K. Singh</i>	619–623
Gladstone Harbour: a case study of building social licence-to-operate in a multi-use area <i>L. Llewellyn, R. Brinkman, E. McIntosh, N. Marshall, U. Pinto, J. Rolfe and B. Schaffelke</i>	624–631
Good, bad or ugly: all a matter of perspective? <i>J. Lovell</i>	632–634
Renewables, gas and batteries: reliable and efficient power for industry <i>T. Lukatela</i>	635–638
Enhancing Indigenous partnerships in an increasingly digitised oil and gas industry <i>M. Lynn and D. Wirrpanda</i>	639–642
Industry 4.0 and the digital transformation journey <i>D. Makin and E. Boyle</i>	643–646
Some economic estimates of gas-fired power generation in a carbon constrained Australia <i>C. H. McConnell and C. Dorgelo</i>	647–650
'Lawfare' in the oil and gas industry <i>X. T. McMahon and J. D. Williams</i>	651–653
Australia's unconventional future: where next? <i>C. Meredith</i>	654–656

Western Australian marine oil pollution risk assessment: identification of protection priorities <i>R. Morgan, E. Gifford, A. Jacobs and K. Swain</i>	657–662
Commercial realities of the proposed LNG import terminals on the east coast of Australia <i>N. Mumford</i>	663–666
The emergence of China as an LNG super user <i>J. Norman</i>	667–670
Current trends in industry safety performance: applying scrutiny to safety issues associated with ageing facilities <i>D. O’Keeffe</i>	671–673
Cumulative groundwater impact assessment and management in the Surat Basin: a journey from framework to implementation <i>S. Pandey</i>	674–678
Innovation and technology in marine science: AIMS’ North West Shoals to Shore Research Program – an update <i>M. J. G. Parsons, K. J. Miller, M. Thums, J. P. Gilmour, L. C. Ferreira, R. D. McCauley and M. G. Meekan</i>	679–682
Opportunities for collaboration in the Australian oil and gas industry: learning lessons from more mature basins and international best practice (North Sea, Norway, Gulf of Mexico, Onshore US) <i>J. Peacock and S. Dow</i>	683–685
Meeting demand in a new era of east coast gas supply <i>W. Pulsford</i>	686–689
Building regional strength through supporting social and economic activity in Queensland’s gasfield communities <i>T. Quinn</i>	690–693
Critical success factors for achieving environmental approvals <i>P. Raitt</i>	694–697
Competency framework: environmental approval specialists <i>P. Raitt and S. Fidgeon</i>	698–704
Northern Gas Pipeline project – a case study in safe, professional gas pipeline construction <i>L. Richards and T. Green</i>	705–708
Better project delivery: Australia’s value opportunity <i>A. Rodger</i>	709–711
Digitalisation driving competitiveness <i>S. Royston</i>	712–714
A regulator’s vision and perspectives on key environmental management challenges <i>C. Sim</i>	715–718
Reducing the complexity of environmental approvals: learnings from an industry-wide collaborative effort <i>M. Smith</i>	719–723
How diversity can alleviate sharks and bandwagons in the gas sector <i>J. M. Spanjaard and S. A. McAlister-Smiley</i>	724–727
Ahead of the game: working with local communities in frontier resource basins <i>W. Squire and J.-A. Braithwaite</i>	728–730
From the Northern Territory to Western Australia: fracking, public policy and social licence <i>M. Tannock</i>	731–733
Big data for smart safety: applying engineering control analytics to predictive safety <i>H. B. Tay, N. Marshall, A. McColm and M. Wood</i>	734–737
Sustainability trends in oil and gas <i>P. P. Tonge</i>	738–743

What's your gas worth: a thrilling or a taxing matter? <i>K. Wee</i>	744–748
What were they thinking? How the brain is wired for Limbic Risk™ <i>R. Wentzel and N. Wentzel</i>	749–752
Diversity and inclusion – moving the needle in Indigenous employment and engagement <i>M. Williamson and M. Wilson</i>	753–755
Zero Waste Well – the beneficial use of produced water from CSG projects <i>P. Wybrew</i>	756–758
The Australian Government's liquid fuel security review and National Energy Security Assessment <i>T. Wyndham</i>	759–761
ENGINEERING – EXTENDED ABSTRACTS	
Subsurface engineering of CCUS in Australia (case studies) <i>M. B. Bagheri and M. Raab</i>	762–766
SEAR JIP: the value of sharing of lessons learned on subsea integrity and reliability <i>A. Botto</i>	767–769
Pushing the boundaries – deployment of innovative drilling, completion and production technology to advance a deep coal seam play <i>R. Branajaya, P. Archer and A. Farley</i>	770–775
Risk-based asset performance management in CSG production operations <i>P. Carydias and J. Gregory</i>	776–779
Rigorous gas field production data analysis <i>C. Evans and A. Corrie-Keilig</i>	780–784
Application of computerised radiography in lieu of film radiography to streamline on-site pipe weld quality inspection process <i>M. Fernando and H. Fard</i>	785–788
Offshore structures – why all offshore facilities should have a demanning requirement <i>M. Keys</i>	789–791
Improving decision making through data analytics to drive best-in-class CSG rig performance <i>K. Koziol</i>	792–795
Lined tubing performance in CSG wells operated in Australia <i>J. Martin and R. Carmichael</i>	796–798
Walk to work systems as an enabler of reduced maintenance and manning <i>D. B. McCarthy</i>	799–802
Natural gas separation at CO2CRC's Otway National Research Facility <i>A. Qader and J. K. Pandit</i>	803–806
Moomba reset – breathing new life into a 50 year old asset <i>V. Santostefano</i>	807–809
Managing well integrity in Queensland <i>M. P. Scott</i>	810–813
Roma development drilling – evolution of well design and drilling performance <i>A. Sellars, T. Dedigama and M. Zaman</i>	814–818
Safe autonomous systems require changes to business relationships <i>M. Shadbolt</i>	819–820

Reduced manning with improved safety and reliability: how classification societies and digital solutions can support operators <i>M. Tipping</i>	821–823
Asset management: listening to your asset <i>D. Walker</i>	824–826
From the Beetaloo to West Texas: similarities, differences and lessons learned from water management in coal seam and shale field developments on either side of the Pacific <i>B. D. Webster, H. Churman, C. Benjamin, J. Long and B. M. Goebel</i>	827–831
GEOSCIENCE – EXTENDED ABSTRACTS	
Stratigraphic and structural architecture across the central North West Shelf – implications for Triassic petroleum systems <i>S. Abbott, C. Orlov, G. Bernardel, C. Nicholson, N. Rollet, D. Nguyen and M.-E. Gunning</i>	832–839
The prospectivity of the Cape Vogel Basin, Papua New Guinea <i>S. Amiribesheli and A. Weller</i>	840–845
Coal permeability stimulation by NaClO oxidation <i>R. Balucan, Z. Jing, J. Underschultz and K. Steel</i>	846–850
Estimating smectite content from seismic data <i>R. Beloborodov, M. Pervukhina, V. Shulakova, D. Chagalov, M. Josh, M. B. Clennell, G. Ward, M. Waugh and J. Hauser</i>	851–855
Integrating multi-disciplinary data for building fit-for-purpose 3D mechanical earth model <i>P. G. Boothby, R. Puspitasari, S. Thakur, Z. J. Pallikathekathil and C. Walton</i>	856–859
East coast gas: resource potential at different gas price scenarios (Part 1: quantification of unconventional gas resource potential) <i>I. Cockerill, J. Collins and Z. Rasheed</i>	860–862
Integration of biostratigraphy into a sequence stratigraphic framework for the Surat Basin, eastern Australia <i>C. L. de Andrade Vieira Filho, M. Reilly, S. Hurter and Z. Hamerli</i>	863–868
New deep crustal seismic data acquisition program for NWQ's frontier petroleum basins <i>S. Edwards and B. Talebi</i>	869–873
Well log data analytics: overview of applications to improve subsurface characterisation <i>I. Emelyanova, C. Dyt, M. B. Clennell, J.-B. Peyaud and M. Pervukhina</i>	874–878
A new spatially continuous basement heat flow map for NW Queensland <i>C. Jorand, K. Connors, L. Pryer and C. Pietrucha</i>	879–885
Tailored acquisition and processing providing an enhanced subsurface image of the basin architecture, Exmouth Sub-basin, North West Shelf, Australia <i>A. Karvelas, B. J. Lim, L. Zhang, H. Trihutomo, O. Schenk and S. Tewari</i>	886–890
Regional paleodepositional environment of the Cretaceous in the Great Australian Bight – a support for frontier exploration <i>D. Klauser-Baumgärtner, T. Reichel and J.-A. Hansen</i>	891–895
Approaches to data-driven exploration in Queensland <i>T. Knight</i>	896–898
Australian Government's exploration initiatives <i>K. Knudsen, L. Schofield, T. Knight, K. Erzikov, R. McGowan, B. Goldstein, I. Scrimgeour and J. Haworth</i>	899–903
High frequency full waveform inversion as an interpretation solution <i>L. Letki, M. Lamont and T. Thompson</i>	904–908

How can we reduce the environmental impact of marine seismic surveys? <i>A. Long, M. Bastard, E. Asgedom, J. F. Wisløff and M. Christiansen</i>	909–914
Offshore data acquisition in shallow water: challenges and opportunities <i>S. J. Molyneux, S. Jarvis and J. K. Dirstein</i>	915–919
The Roebuck Basin, Beagle and Barcoo Sub-basin well folio <i>D. Nguyen, N. Rollet, E. Grosjean, D. S. Edwards, S. Abbott, C. Orlov, G. Bernardel, C. Nicholson, A. Kelman, K. Khider and T. Buckler</i>	920–927
Old rocks, new tricks: a reinvigorated Cooper Basin offers growth opportunity <i>B. Ovenden</i>	928–930
Prediction of groundwater impacts from coal seam gas extraction in the Surat Basin <i>K. Phillipson</i>	931–935
Enabling a CCS industry through research at the CO2CRC National Otway Research Facility <i>M. Raab, C. Jenkins, R. Pevzner and A. Qader</i>	936–939
An integrated approach to the Surat Basin stratigraphy <i>M. Reilly, S. Hurter, Z. Hamerli, C. L. de Andrade Vieira Filho, A. LaCroix and S. Gonzalez</i>	940–945
Geological and bioregional assessments – enabling future tight, shale and deep coal gas development – Cooper Basin case study <i>D. Robinson, M.-E. Gunning, T. Evans, L. Hall, B. Sundaram, A. Swirepik, A. Stacey, R. Dann and K. Holland</i>	946–951
The Bight Basin: a tale of three deltaic megasequences <i>I. Strømsøyen, E. Schomacker, B. Sjøderstrøm and B. M. T. Waagan</i>	952–957
Adavale Basin petroleum plays <i>A. Troup and B. Talebi</i>	958–964
Revisions to the chronostratigraphic framework of the Upper Jurassic Walloon Coal Measures of the Surat Basin, Australia <i>C. Wainman and P. McCabe</i>	965–967
New insights on Upper Cretaceous stratigraphy and sedimentology of the Bight Basin, Australia from IODP Site U1512 <i>C. Wainman, P. McCabe, S. P. Holford and the IODP Expedition 369 Scientific Party</i>	968–970
