

Australian Journal of Biological Sciences

Contents Volume 41 Number 1 1988

Editorial Report for 1987 xi

Controlled sheep breeding: update 1980–1985. *T. J. Robinson* 1

The ovariectomized ewe: its contribution to controlled breeding.
N. W. Moore 15

Ovulation in the Merino ewe in the breeding and anoestrous seasons. *D. T. Pearce
and C. M. Oldham* 23

Influence of nutrition on ovulation rate in the ewe. *J. F. Smith* 27

Control of fertility and fecundity of sheep by means of hormonal manipulation.
R. J. Scaramuzzi, J. A. Downing, B. K. Campbell and Y. Cognie 37

Potential for Fecundin to influence the reproductive performance of Merino ewes
in Western Australia. *K. P. Croker, R. I. Cox, M. A. Johns, T. J. Johnson,
D. Roberts, M. Salerian and F. Sunderman* 47

A radioimmunoassay for fluorogestone acetate (FGA) and its application to the
measurement of plasma FGA and progesterone in ewes treated with
FGA-impregnated intravaginal sponges. *Olivia Gaston-Parry, Kim Heasman,
J. K. E. Nemorin and T. J. Robinson* 57

Seasonality of reproduction in sheep and its control by photoperiod. *R. Ortavant,
F. Bocquier, J. Pelletier, J. P. Ravault, J. Thimonier and P. Volland-Nail* 69

The use of melatonin in controlled sheep breeding. *A. L. Poulton* 87

Reproductive behaviour in survival: a comparison between wild and domestic sheep.
D. R. Lindsay 97

Current topics in artificial insemination of sheep. *G. Evans* 103

Embryo manipulation in research and animal production. *J. N. Shelton* 117

Sheep reproduction modelled as a Markov series. I. The model.
M. J. Carrick 133

Controlled breeding in the Asiatic buffalo (*Bubalus bubalis*). *I. C. Fletcher* 147

Corrigendum 155

Volume 40, Number 4, was published on 3 March 1988

Australian Journal of Biological Sciences

Contents Volume 41 Number 2 1988

- Polyploid abnormalities in day 3 and day 5 Merino sheep embryos. *J. D. Murray, C. D. Nancarrow, R. J. Scaramuzzi and Y. Cognie* 157
- Release of cuticle from wool by agitation in solutions of detergents. *Kevin F. Ley, W. Gordon Crewther, George F. Flanagan, Leslie N. Jones and Robert C. Marshall* 163
- Effects of growth hormone administration on wool growth in Merino sheep. *P. C. Wynn, A. L. C. Wallace, A. C. Kirby and E. F. Annison* 177
- Development of sheep embryos *in vitro* in a medium supplemented with different serum fractions. *P. A. Batt and B. G. Miller* 189
- Cellularity of organs in mature rams of different breeds. *W. F. Colebrook, J. L. Black, G. H. Brown and J. B. Donnelly* 201
- Post-heparin triacylglycerol lipases in ovine plasma. *R. K. Tume, R. F. Thornton and G. W. Johnson* 215
- Experimental diabetes in lactating sheep: effects of alloxan on plasma insulin, glucose, glucose kinetics and milk characteristics. *D. Leenanuruksa and G. H. McDowell* 223
- Gene mapping in marsupials and monotremes, V. Synteny between hypoxanthine phosphoribosyltransferase and phosphoglycerate kinase in the platypus. *Jaclyn M. Watson and Jennifer A. Marshall Graves* 231
- Polymorphic inversion and esterase loci complex on chromosome 2 of *Drosophila buzzatii* II. Spatial variation. *W. R. Knibb and J. S. F. Barker* 239
- Metabolism of sulfur-containing amino acids by pregnant Merino ewes. *A. J. Williams, R. Murison and J. Padgett* 247
- Effects of intradermally injected and topically applied mouse epidermal growth factor on wool growth, skin and wool follicles of Merino sheep. *R. E. Chapman and M. H. Hardy* 261
- Characterization of proteolytic and collagenolytic enzymes from the larvae of *Lucilia cuprina*, the sheep blowfly. *V. M. Bowles, P. R. Carnegie and R. M. Sandeman* 269

Australian Journal of Biological Sciences

Contents

Volume 41 Number 3 1988

Short-term effects of exogenous growth hormone: effects on milk production and utilization of nutrients in muscle and mammary tissues of lactating ewes.

G. H. McDowell, D. Leenanuruxsa, P. Niumsup, J. M. Gooden, J. G. van der Walt and R. Smithard 279

Changes in milk composition during lactation in the potoroo, *Potorous tridactylus* (Marsupialia : Potoroinae).

H. M. Crowley, D. R. Woodward and R. W. Rose 289

Effect of myiasis and acute restraint stress on plasma levels of immunoreactive

β -endorphin, adrenocorticotrophin (ACTH) and cortisol in the sheep.

D. A. Shutt, A. I. Smith, C. A. Wallace, R. Connell and L. R. Fell 297

Short Communication. Secretion of LH, FSH and oestradiol-17 β during the follicular phase of the oestrous cycle in the ewe.

G. B. Thomas, G. B. Martin, J. R. Ford, P. M. Moore, B. K. Campbell and D. R. Lindsay 303

Temperature and humidity of expired air of sheep.

K. G. Johnson, S. M. Callahan and R. Strack 309

Electrophoretic resolution of species boundaries in Australian Microchiroptera. IV.

The Molossidae (Chiroptera). *M. Adams, T. R. Reardon, P. R. Baverstock and C. H. S. Watts* 315

Are megabats flying primates? Contrary evidence from a mitochondrial DNA sequence.

S. Bennett, L. J. Alexander, R. H. Crozier and A. G. Mackinlay 327

Oestrogen sulfotransferase: isolation of a high specific activity species from bovine

placenta. *Stephen S. Moore, E. O. P. Thompson and Allan R. Nash* 333

Relationship between plasma zinc, angiotensin-converting enzyme, alkaline phosphatase

and onset of symptoms of zinc deficiency in the rat. *Colin L. White* 343

Responses of lactating ewes to exogenous growth hormone: short- and long-term effects on productivity and tissue utilization of key metabolites.

L. D. Sandles, Y. X. Sun, A. G. C. D'Cruz, G. H. McDowell and J. M. Gooden 357

Development of sheep embryos *in vitro* in a medium supplemented with different

batches of serum albumin. *P. A. Batt and B. G. Miller* 371

Control of ram sperm adenylate cyclase by divalent cations.

P. P. Goh and I. G. White 377

Effect of short-term and long-term lithium treatment on uptake and retention of

iodine-131 in rat thyroid. *D. Dhawan, R. R. Sharma, R. Sharma and R. J. Dash* 387

Structure-activity studies of melatonin analogues in prepubertal male rats.

D. J. Kennaway, H. M. Hugel, S. Clarke, A. Tjandra, D. W. Johnson, P. Royles,

H. A. Webb and F. Carbone 393

Corrigendum 401

Australian Journal of Biological Sciences

Contents

Volume 41 Number 4 1988

- Effect of vitamin C administration on serum and egg-yolk cholesterol level of the chicken. *A. S. Al-Janabi, S. R. Al-Kattib and Z. D. Taha* 403
- The heavy-chain stoichiometry of smooth muscle myosin is a characteristic of smooth muscle tissues. *Mukhallad A. Mohammad and Malcolm P. Sparrow* 409
- Control of glucose homeostasis in lactating ewes: use of the alloxan-diabetic/insulin-stabilized ewe to study effects of insulin and growth hormone. *D. Leenanuruxsa and G. H. McDowell* 421
- Dietary regulation of ornithine transcarbamylase mRNA in liver and small intestine. *Christopher Wraight and Nicholas Hoogenraad* 435
- Effect of anti-oestradiol-17B antibodies on the reproductive response of ewes super-ovulated with PMSG. *J. Eppleston, C. D. Nancarrow, K. Battye, R. M. Hoskinson and E. M. Roberts* 441
- Nitrogenase activity in the Queensland fruit fly, *Dacus tryoni*. *K. M. Murphy, I. C. Mac Rae and D. S. Teakle* 447
- Insulin affects glucose uptake by muscle and mammary tissues of lactating ewes. *D. Leenanuruxsa, P. Niumsup and G. H. McDowell* 453
- Effects of lys- β -urogastrone *in vivo*. *Anne J. Campbell, S. S. Adams, Mary W. Davey and D. A. Titchen* 463
- Immunofluorescent and immunogold localization of glutamate dehydrogenase in the nodules of soybean. *M. C. Wang and I. R. Kennedy* 475
- Inheritance of tail colour and white-spotting in *Conilurus penicillatus* (Muridae). *Catherine M. Kemper and Lincoln H. Schmitt* 489
- Milk composition in the northern brown bandicoot, *Isodon macrourus* (Peramelidae, Marsupialia). *J. C. Merchant and J. A. Libke* 495
- Oestrogen sulfotransferase: molecular cloning and sequencing of cDNA for the bovine placental enzyme. *Allan R. Nash, Wendy K. Glenn, Stephen S. Moore, Judith Kerr, Adrienne R. Thompson and E. O. P. Thompson* 507
- Development of a radioimmunoassay for plasma C-peptide in sheep: kinetics of C-peptide and effects of exogenous growth hormone and glucose on insulin and C-peptide. *D. Leenanuruxsa and G. H. McDowell* 517
- Complete nucleotide sequence of the bovine β -casein gene. *John Bonsing, Jennifer M. Ring, A. Francis Stewart and Antony G. Mackinlay* 527

The fate of tritiated rm-epidermal growth factor in the sheep: validation of the labelling procedure and rate of tissue clearance. *J. H. O'Keefe, L. F. Sharry and B. A. Panaretto* 539

Group-specific and type-specific gel diffusion precipitin tests for bluetongue virus serotype 20 and related viruses. *J. M. Sharp, I. R. Littlejohns and T. D. St George* 553

The occurrence of antibody to bluetongue virus in New South Wales. I. Statewide surveys of cattle and sheep. *R. W. Burton and I. R. Littlejohns* 563

The occurrence of antibody to bluetongue virus in New South Wales. II. Coastal region and age distribution surveys. *I. R. Littlejohns and R. W. Burton* 571

Bluetongue and related viruses in New South Wales: isolations from, and serological tests on samples from sentinel cattle. *I. R. Littlejohns, R. W. Burton and J. M. Sharp* 579

Statement regarding:

Effects of scopolamine hydrobromide on the development of the chick and rabbit embryo. [*W. G. McBride, P. H. Vardy and J. French: Aust. J. Biol. Sci.*, 1982, **35**, 173-8]

and

Note on the paper 'Effects of scopolamine hydrobromide on the development of the chick and rabbit embryo' by W. G. McBride, P. H. Vardy and J. French. [*W. G. McBride: Aust. J. Biol. Sci.*, 1983, **36**, 171-2] 589
