

Corrigendum

Volume 40, Number 4

Relationships between habitat characteristics and population abundance for brown trout, *Salmo trutta* L., and blackfish, *Gadopsis marmoratus* Rich., in Tasmanian streams. *P. E. Davies* 341

Table 5 should have a footnote that reads:

^A Variable is $\arcsin(\sqrt{x})$ transformed; all other variables $\ln(x + 1)$ transformed.

Table 9 should have a footnote that reads:

^A Variable is $\arcsin(\sqrt{x})$ transformed; all other variables $\ln(x + 1)$ transformed.
NA: not applicable.
