Special issue: Cities, sustainability and health – part 2

209 Healthy, just and eco-sensitive cities: moving forward

The guest editorial introduces this the second of two special issues examining the relationship between the urban environment, public health and ecological sustainability; it also highlights how changes to food systems have transformed the diets of urban dwellers.

Jane M. Dixon, Anthony G. Capon

214 Seeing obesity as a systems problem

Describes human–urban systems, the implications of feedback mechanisms on these systems for the obesity epidemic and offers four principles to manage the epidemic using a 'systems approach'.

Barry Newell, Katrina Proust, Robert Dyball, Phil McManus

219 Too busy: why time is a health and environmental problem

A review of why time pressure has become widespread, who is and will be most affected, and the influence of environmental solutions on time demands, health and social outcomes.

Lyndall Strazdins, Bernadette Loughrey

222 'Crowded suburbs' and 'killer cities': a brief review of the relationship between urban environments and mental health

Reviews recent studies linking disadvantaged urban environments with mental health outcomes and proposes a conceptual model describing the relationship from this evidence.

Helen L. Berry

228 *Healthy by Design*: an innovative planning tool for the development of safe, accessible and attractive environments

Provides an overview of guidelines produced by the National Heart Foundation for urban planners to promote developments that support active living.

Emma Sutherland, Rachel Carlisle

232 Public health and the potential benefits of Crime Prevention Through Environmental Design

A strategy that uses urban design and maintenance programs to reduce both the incidence and fear of crime.

Paul Cozens

238 Can the impact on health of a government policy designed to create more liveable neighbourhoods be evaluated? An overview of the RESIDential Environment Project

A longitudinal study underway in Western Australia to evaluate whether planning policy can influence active transport behaviour in residents of new urban developments.

Billie Giles-Corti, Matthew Knuiman, Terri J. Pikora, Kimberly Van Neil, Anna Timperio, Fiona C. L. Bull, Trevor Shilton, Max Bulsara

Bug Breakfast in the Bulletin

243 Climate change and infectious diseases

Adam Craig, Gillian Hall, Richard Russell

Factsheet

245 Yellow fever

Communicable Diseases Report, New South Wales

246 September and October 2007

NSW PUBLIC HEALTH BULLETIN

The *NSW Public Health Bulletin* is a peer-reviewed journal produced by the NSW Department of Health and indexed in Medline. It has a NSW focus, however, it aims to support the practice of public health more broadly.

Editor

Dr Lynne Madden
BSc(Med)Hons1, MBBS, MPH, MSc, FFFPH, FAFPHM

Editorial correspondence

Please address all correspondence and submissions to:

The Editor, *NSW Public Health Bulletin*
Locked Mail Bag 961
North Sydney NSW 2059 Australia
Email: phbulletin@doh.health.nsw.gov.au
Telephone: +61 2 9424 5876
Fax: +61 2 9391 9232

Submission of articles

The *Bulletin* accepts proffered and commissioned articles along with short reports, on all aspects of public health. Articles should be 1500–2000 words, not including tables and figures, and should include an abstract of up to 100 words. Articles should follow the journal style and layout as closely as possible, as described in the Instructions to Authors. Articles should be emailed in a Word for Windows format to: phbulletin@doh.health.nsw.gov.au, and should be accompanied by a covering letter signed by all authors and a License to Publish. The Instructions to Authors, License to Publish and other useful information can be downloaded from the *Bulletin* website.

Distribution

The *Bulletin* is freely available from the *Bulletin* website. Copies of the current issue and back issues can be downloaded in both PDF and HTML formats. If you would like to be notified when new issues of the *Bulletin* are available online, subscribe to the early alert email system at the *Bulletin* website. The early alert email contains the contents of each new issue along with electronic links to the articles. To receive a printed copy of the *Bulletin*, subscribe online at the *Bulletin* website, or contact your local public health unit or the editorial office.
