

# Contents

## Special issue: Year in review

- 105 Year in review: communicable disease surveillance, New South Wales, 2006**  
Presents the trends in reports of notifiable diseases among NSW residents for 2006.  
Communicable Disease Branch, NSW Department of Health
- 115 Enhanced surveillance of hepatitis B infection in inner-western Sydney**  
A surveillance system for hepatitis B to improve the detection of newly acquired cases and to collect epidemiological data is described.  
Bradley L. Forssman, Leena Gupta
- 119 Prevalence of Mantoux positivity and annual risk of infection for tuberculosis in Australian prisoners, 1996 and 2001**  
The study compares the prevalence of Mantoux positivity in NSW prisoners and examines factors associated with infection with *Mycobacterium tuberculosis*.  
Michael H. Levy, Tony G. Butler, Jialun Zhao
- 125 Recent substance use and high levels of psychological distress among secondary school students in New South Wales**  
An analysis of the data from the 2002 NSW School Students Health Behaviours Surveys suggests a significant minority of students appeared to be at high risk.  
Tom F. Norris, Margo L. Eyeson-Annan

- 130 A discussion of the potential benefits to injury surveillance through inclusion of date of injury in hospitalisation data in New South Wales and Australia**  
The availability of a 'date of injury' item in routine hospital separations data in NSW and Australia could provide improved injury surveillance, increasing the value of the information used to support injury prevention and control in NSW and Australia.  
Andrew D. Hayen, Soufiane Boufous, James E. Harrison
- 133 A review of the efficacy of human Q fever vaccine registered in Australia**  
Despite the shortcomings of vaccine efficacy studies in this literature review, the Q fever vaccine registered in Australia has considerable protective benefit in established high-risk environments, particularly in occupational settings.  
Clayton K. Chiu, David N. Durrheim

## Bug Breakfast in the Bulletin

- 137 Q Fever**  
Melissa J. Irwin, Andrew R. Lloyd, Peter D. Massey

## Factsheet

- 139 Diphtheria**

## Communicable Diseases Report, New South Wales

- 140 May and June 2007**

# NSW PUBLIC HEALTH BULLETIN

The *NSW Public Health Bulletin* is a peer-reviewed journal produced by the NSW Department of Health and indexed in Medline. It has a NSW focus, however, it aims to support the practice of public health more broadly.

### Editor

Dr Lynne Madden  
BSc(Med)Hons1, MBBS, MPH, MSc, FFPH, FAFPHM

### Acting Editor

Kerri Viney  
RN, MPH

### Editorial correspondence

Please address all correspondence and submissions to:  
The Editor, *NSW Public Health Bulletin*  
Locked Mail Bag 961  
North Sydney NSW 2059 Australia

Email: phbulletin@doh.health.nsw.gov.au

Telephone: +61 2 9424 5876

Fax: +61 2 9391 9232

### Submission of articles

The *Bulletin* accepts proffered and commissioned articles along with short reports, on all aspects of public health. Articles should be 1500–2000 words, not including tables and figures, and should include an abstract of up to 100 words. Articles should follow the journal style and layout as closely as possible, as described in the Instructions to Authors. Articles should be emailed in a Word for Windows format to: phbulletin@doh.health.nsw.gov.au, and should be accompanied by a covering letter signed by all authors and a License to Publish. The Instructions to Authors, License to

Publish and other useful information can be downloaded from the *Bulletin* website.

### Distribution

The *Bulletin* is freely available from the *Bulletin* website. Copies of the current issue and back issues can be downloaded in both PDF and HTML formats. If you would like to be notified when new issues of the *Bulletin* are available online, subscribe to the early alert email system at the *Bulletin* website. The early alert email contains the contents of each new issue along with electronic links to the articles. To receive a printed copy of the *Bulletin*, subscribe online at the *Bulletin* website, or contact your local public health unit or the editorial office.
