Year in review

- 129 Year in review: health protection in NSW, 2011**
Highlights health protection activities undertaken in NSW led by the Centre for Health Protection in 2011 and includes the annual review of notifications of communicable diseases in NSW.
Centre for Health Protection
- 142 Sample size calculations for the design of health studies: a review of key concepts for non-statisticians**
Provides a guide to the statistical issues related to the calculation of sample sizes. A study from the Aboriginal Communities Water and Sewerage Program is used as an illustration.
Alistair Merrifield and Wayne Smith
- 148 Typhoid and paratyphoid fever in Western Sydney Local Health District, NSW, January–June 2011**
A higher than usual number of typhoid and paratyphoid cases in Western Sydney Local Health District was investigated. Migrants returning home may underestimate the risk of infection and pre-travel typhoid vaccination would prevent some of these cases.
Sarah J. Blackstock, Vicky K. Sheppeard, Jen M. Paterson and Anna P. Ralph

- 153 Trends and risk factors for hepatitis A in NSW, 2000–2009: the trouble with travel**
International travel to moderate–high endemicity countries continues to be the most common risk factor for hepatitis A in NSW. Pre-travel vaccination would prevent some of these cases.
Evan Freeman, Siranda Torvaldsen, Sean Tobin, Glenda Lawrence and C. Raina MacIntyre

HealthStats in the *Bulletin*

- 158 Overweight and obesity are common in rich and poor**

Telephone: +61 2 9424 5876
Fax: +61 2 9391 9232

Submission of articles

The *Bulletin* accepts proffered and commissioned articles along with short reports, on all aspects of public health. Articles should be 1500–2000 words, not including tables and figures, and should include an abstract of up to 150 words. Articles should follow the journal style and layout as closely as possible, as described in the Instructions to Authors. Articles should be emailed in a Word for Windows format to: phbulletin@doh.health.nsw.gov.au, and should be accompanied by a covering letter signed by all authors and a License to Publish. The Instructions to Authors, License to Publish and other useful information can be downloaded from the *Bulletin* website.

Distribution

The *Bulletin* is freely available from the *Bulletin* website. Copies of the current issue and back issues can be downloaded in both PDF and HTML formats. If you would like to be notified when

new issues of the *Bulletin* are available online, subscribe to the early alert email system at the *Bulletin* website. The early alert email contains the contents of each new issue along with electronic links to the articles. To receive a printed copy of the *Bulletin*, subscribe online at the *Bulletin* website, or contact your local public health unit or the editorial office.
eISSN 1834-8610

The *Bulletin* uses digital publishing at all stages of production as a priority over print. The *Bulletin* is printed on archival quality, chlorine-free paper using low volatility vegetable-based inks and uses computer-to-plate technology. The acid-free paper meets the standards of the American National Standards Institute for Information Sciences—Permanence of Paper for Printed Library Materials, ANSI Z39.48-1992.
