

PACIFIC CONSERVATION BIOLOGY

Volume 16

Number 3

Contents

EDITORIAL

- Are pet cats bad for wildlife?. *Alan Lymbery.* 155
- Obituary, Ronald Strahan, AM, DSc (Hon), MSc (UWA), FRZS, FAIBiol. 156

RESEARCH PAPERS

- Illegal feeding increases risk of boat-strike and entanglement in Bottlenose Dolphins in Perth, Western Australia. *R. Donaldson, H. Finn and M. Calver.* 157
- Do cat restrictions lead to increased species diversity or abundance of small and medium-sized mammals in remnant urban bushland? *Maggie Lilith, Michael Calver and Mark Garkaklis.* 162
- Initial conservation outcomes of the Tetepare Island Protected Area. *J. L. Read, D. Argument, and K. E. Moseby.* 173
- Can lowland dry forests represent a refuge from avian malaria for native Hawaiian birds? *Katherine Tucker-Mohl, Patrick Hart and Carter T. Atkinson.* 181
- Groundwater-dependent ecosystems and the dangers of groundwater overdraft: a review and an Australian perspective *Jon C. Nevill, Peter J. Hancock, Brad R. Murray, Winston F. Ponder, William F. Humphreys, Megan L. Phillips and Philip K. Groom.* 187
- Collapse rates of hollow-bearing trees following low intensity prescription burns in the Pilliga forests, New South Wales *Harry Parnaby, Daniel Lunney, Ian Shannon and Mike Fleming.* 209

BOOK REVIEWS

- Ecological Restoration: Principles, Values, and Structure of an Emerging Profession. *James E. M. Watson.* 208
- Australia's Biodiversity and Climate Change. *David Goodall.* 221
- Wildlife and Society: The Science of Human Dimensions. *Justin Lawson.* 223
- Effective Ecological Monitoring. *Joanne M. Hoare.* 224

Papers submitted to *Pacific Conservation Biology* are individually and fully peer reviewed by a minimum of two referees. Referees are independent of the editorial board and are chosen for their expertise in the subject area of the paper submitted. In addition, papers are vigorously reviewed and edited by the editorial board. Nonetheless, the views put by authors are their own and do not necessarily reflect those of the editors or the Publisher.

COPYRIGHT

Submission of a paper to *Pacific Conservation Biology* will be taken to imply that it presents original unpublished work, not under consideration for publication elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the Publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microfilm or any other reproductions of similar nature, and translations. Permission to publish illustrations must be obtained by the author before submission and any acknowledgements should be included in the captions.

Authors of papers in *Pacific Conservation Biology* should be subscribers to the journal. Please indicate whether one or more of the authors is a subscriber. Not subscribing will not affect the publication of the paper. However, whereas subscribers (provided they are subscribers at the time of submitting their manuscript) receive a free pdf and do not pay page charges, non-subscribers do not receive pdf files and will be asked to pay a nominal AUD\$20 per printed page. These charges will be invoiced when page proofs are sent to authors. If they do not receive grant or institutional support for publication, contributors may request an exemption from page charges but they will pay a nominal charge for their pdf file if required. This is similar to procedures followed by other journals, including the Australian Ecological Society and the Royal Society of Western Australia in the publication of their journals. Authors may accelerate publication of their papers to the next available issue without penalty to other authors by paying full page charges of AUD\$65 per page. This still represents a significant publication subsidy. For your convenience subscription forms have been enclosed. If you already subscribe, assist the conservation of biodiversity in the Pacific Region by encouraging a colleague and/or library to subscribe.
