

AUSTRALIAN JOURNAL OF EXPERIMENTAL AGRICULTURE

CONTENTS Volume 48, Issue 5, 2008, 589–694

Estimating the residue transfer of pesticides in animal feedstuffs to livestock tissues, milk and eggs: a review.
D. J. MacLachlan and R. Bhula 589–598

Growth performance, feed efficiency and carcass and meat quality of tropically adapted breed types from different farming systems in South Africa.

P. E. Strydom, L. Frylinck, J. van der Westhuizen and H. M. Burrow 599–607

Relocation does not have a significant effect on the growth rate of *Bos indicus* cross steers.

R. G. Holroyd, V. J. Doogan, M. R. Jeffery, J. A. Lindsay, B. K. Venus and G. Bortolussi 608–614

Influence of biotin supplementation on hoof growth and integrity in long-fed F1 Wagyu/Black Angus feedlot steers of known genotype.

R. J. Lawrence, R. Elliott, B. W. Norton, M. B. Thoenfer, I. Loxton and G. Webber 615–620

DairyMod and EcoMod: biophysical pasture-simulation models for Australia and New Zealand.

I. R. Johnson, D. F. Chapman, V. O. Snow, R. J. Eckard, A. J. Parsons, M. G. Lambert and B. R. Cullen 621–631

Effect of grazing strategy, ryegrass overdrilling and herbicide application on vulpia content, tiller density and seed production in perennial pastures.

K. N. Tozer, D. F. Chapman, P. E. Quigley, P. M. Dowling, R. D. Cousens and G. A. Kearney 632–640

Water management as a future necessity in sheep feedlots.

J. M. Pluske and A. C. Schlink 641–647

Notch pathway gene expression and wool follicle cell fates.

Clare Gordon-Thomson, Steven A. Botto, Graham R. Cam and G. Philip M. Moore 648–656

Whole-body protein metabolism and energy expenditure in sheep selected for divergent wool production when fed above or below maintenance.

L. Li, V. H. Oddy and J. V. Nolan 657–665

Effect of nutrition from mid to late pregnancy on the performance of twin- and triplet-bearing ewes and their lambs.

R. A. Corner, P. R. Kenyon, K. J. Stafford, D. M. West, N. Lopez-Villalobos, S. T. Morris and M. H. Oliver 666–671

Tolerance of pigs to sorghum ergot (*Claviceps africana*) during growth and finishing, and on conception of replacement gilts.

J. S. Kopinski, B. J. Blaney and J. A. Downing 672–679

Association between pig activity and environmental factors in pig confinement buildings.

Ki Youn Kim, Han Jong Ko, Hyeon Tae Kim, Chi Nyon Kim and Sang Hoon Byeon 680–686

Effect of surface applied glycine betaine on herbage production and quality of perennial ryegrass–white clover pastures.

J. M. Lee, K. Elborough, W. D. Catto, D. J. Donaghy and J. R. Roche 687–694
