

ANIMAL PRODUCTION SCIENCE

CONTENTS Volume 60, Issue 12, 2020, 1469–1568

Review

Suitability of litter amendments for the Australian chicken meat industry
S. A. Cockerill, P. F. Gerber, S. W. Walkden-Brown and M. W. Dunlop 1469–1481

Genetics and Genomics

Impact of inbreeding on milk fatty acids of a Brazilian Holstein cattle
Eula Regina Carrara, Leila de Genova Gaya, José Teodoro de Paiva, Juliana Petrini, Mayara Salvian, Gregori Alberto Rovadoscki, Aricia Chaves Zanetti Reis, Paulo Fernando Machado and Gerson Barreto Mourão 1482–1490

Testis-specific changes in gene expression of post-pubertal beef bulls divergent for residual feed intake and exposure to different pre-natal diets
Chinju Johnson, Carolyn Fitzsimmons, Igor Kovalchuk, John Kastelic and Jacob Thundathil 1491–1502

Feed Quality and Metabolism

Nutrient concentrations and profile of non-structural carbohydrates vary among different *Brassica* forages
Juan P. Keim, Mónica Gandarillas, Daniel Benavides, Jaime Cabanilla, Rubén G. Pulido, Oscar A. Balocchi and Annick Bertrand 1503–1513

Maintenance of broiler performance on commercial diets diluted with copra meal and supplemented with feed enzymes
Sandy Hoffman Mael, Siaka Seriba Diarra and Ashika Devi 1514–1520

Effect of wheat- or oat-straw inclusion with wheat bran or corn grain in prepartum diets on postpartum performance of transition dairy cows
Z. Iqbal, M. A. Rashid, T. N. Pasha and J. A. Bhatti 1521–1530

Effect of a high forage : concentrate ratio on milk yield, blood parameters and oxidative status in lactating cows
N. Musco, R. Tudisco, M. Grossi, V. Mastellone, V. M. Morittu, M. E. Pero, M. Wanapat, G. Trinchese, G. Cavaliere, M. P. Mollica, M. Crispino, F. Infascelli and P. Lombardi 1531–1538

Environment and Management

Access to shade reduces DNA damage of Holstein cows under mild heat stress
A. S. de Abreu, V. Fischer, A. Thaler, M. T. Stumpf, F. Petronilho, D. S. Florentino, N. R. Hlavac, M. Uczay, E. Paludo, P. H. E. Weiss and C. I. G. Vogel 1539–1546

Resveratrol alleviates heat stress-induced impairment of intestinal morphology, barrier integrity and inflammation in yellow-feather broilers
Shaoping He, Liang Chen, Yujia He, Fu Chen, Yujing Ma, Dingfu Xiao and Jianhua He 1547–1556

Dietary addition of lysophospholipids and vitamin C affects growth performance, serum metabolites, antioxidant capacity and carcass characteristics of broiler chickens reared under low ambient temperature
Samira Zangeneh, Mehran Torki, Alireza Abdolmohammadi and Aliasghar Saki 1557–1566

Corrigenda

Corrigendum to: Physicochemical and sensory characteristics of dry-cured loin made from pigs fed *Allium hookeri* added whey powder and sensory trait evaluation using electronic tongue
Ji-Han Kim, Jung-Ho Kim, Hyun-Joo Jang, Hyun-Jin Lee and Chi-Ho Lee 1567

Corrigendum to: Production performance of laying hens at peak lay, sulfur compounds in manure, and selected serum profiles: efficacy of *Lactobacillus* species as probiotics
K. Saksrithai, N. H. Willits and A. J. King 1568
