

# ANIMAL PRODUCTION SCIENCE

**CONTENTS** Volume 60, Issue 18, 2020, 2069–2174

## EQUINE SCIENCE IN AUSTRALASIA

### Foreword

Equine Science in Australasia: past, present and future

*Wayne L. Bryden and Chris W. Rogers* i–ii

### Perspectives on Animal Biosciences

Equine musculoskeletal development and performance: impact of the production system and early training

*Chris W. Rogers, Charlotte F. Bolwell, Erica K. Gee and Sarah M. Rosanowski* 2069–2079

### Fetal Development and Foal Growth

Prenatal establishment of the foal gut microbiota: a critique of the *in utero* colonisation hypothesis

*Kirsty L. Mols, Gry B. Boe-Hansen, Deirdre Mikkelsen, Wayne L. Bryden and A. Judy Cawdell-Smith* 2080–2092

Growth and development of Thoroughbred horses

*P. J. Huntington, C. G. Brown-Douglas and J. D. Pagan* 2093–2102

### Metabolism and Disease

Equine metabolic syndrome: evolution of understanding over two decades: a personal perspective

*Patricia A. Harris, Nicholas J. Bamford and Simon R. Bailey* 2103–2110

A review of recent developments in the pharmacological prevention and treatment of endocrinopathic laminitis

*M. A. de Laat and M. N. Sillence* 2111–2121

### Pasture Utilisation and Parasite Management

The dynamics of energy supply and demand of foaling mares managed at pasture: a deterministic modelling approach

*Y. Y. Chin, F. J. Roca Fraga, P. J. Back, E. K. Gee and C. W. Rogers* 2122–2130

Equine helminth prevalence and management practices on Australian properties as shown by coprological survey and written questionnaire

*A. M. Beasley, A. C. Kotze, T. S. Barnes and G. T. Coleman* 2131–2144

### Horse Production Systems

Commercial equine production in New Zealand. 1. Reproduction and breeding

*Erica K. Gee, Chris W. Rogers and Charlotte F. Bolwell* 2145–2154

Commercial equine production in New Zealand. 2. Growth and development of the equine athlete

*Chris W. Rogers, Erica K. Gee, Charlotte F. Bolwell and Sarah M. Rosanowski* 2155–2163

Commercial equine production in New Zealand. 3. The racing and sport industries

*Charlotte F. Bolwell, Chris W. Rogers, Erica K. Gee and Sarah M. Rosanowski* 2164–2174
