

## Supplementary Material

### Sarah Elizabeth Smith 1941–2019

*F. Andrew Smith*<sup>A,C</sup>, *Tim Cavagnaro*<sup>A</sup> and *Sandy Dickson*<sup>B</sup>

<sup>A</sup>School of Agriculture, Food and Wine, The University of Adelaide, Adelaide, SA 5005, Australia.

<sup>B</sup>School of Biological Sciences, The University of Adelaide, Adelaide, SA 5005, Australia.

<sup>C</sup>Corresponding author. Email: [andrew.smith@adelaide.edu.au](mailto:andrew.smith@adelaide.edu.au)

## Bibliography

This list is assembled from Sally's original list, maintained by her until 2009, with later additions. The first names are those who did most in preparing material for publication. Articles resulting from BSc (Honours) and PhD projects supervised by Sally or co-authored by her research assistants are marked \*. Post-doctoral researchers in Sally's group were Sarah Ayling, Helle Christophersen, Evelina Facelli, and Huiying (Lisa) Li. The main collaborators, apart from Andrew (F.A.) Smith, were Susan Barker, Vivienne Gianinazzi-Pearson, Iver Jakobsen, Alan (N.A.) Walker and Yongguan (Y-G.) Zhu.

### Theses

1. Harley (Smith), S.E. (1965) *The Ecology of Orchid Mycorrhizal Fungi*. PhD Thesis, University of Cambridge, U.K.
2. Smith, S.E. (1991) *Studies on Mycorrhizal Fungi*. DSc Thesis, University of Adelaide, South Australia.

### Books

1. Harley, J.L. and Smith, S.E. (1983) *Mycorrhizal Symbiosis*. Edition 1. Academic Press.
2. Smith, S.E. and Read, D.J (1997) *Mycorrhizal Symbiosis*, Edition 2. Academic Press.
3. Smith, S.E. and Dickson, S. (1997) *VA mycorrhizas: Basic Research Techniques*. CRC for Soil and Land Management, Adelaide.
4. Smith S.E. and Read, D.J. (2008) *Mycorrhizal Symbiosis*, Edition 3. Elsevier.

### Edited Volumes

1. Wallace, W. and Smith, S.E. Eds. (1986) *Proceeding of the 8<sup>th</sup> Australian Nitrogen Fixation Conference*. Australian Institute of Agricultural Science.

2. McGee, P.A., Smith, S.E. and Smith, F.A. Eds. (1989) Plant Microbe Interface: Structure and Function. *Australian Journal of Plant Physiology*, Special Volume. CSIRO, Australia.
3. Smith, S.E. and Smith, F.A. Eds. (2002) Diversity and Integration in Mycorrhizas. Proceedings of the 3<sup>rd</sup> International Conference on Mycorrhizas, Adelaide. Kluwer.
