SCOPE

*Australian Journal of Primary Health* integrates the theory and practise of community health services and primary health care. The journal publishes high-quality, peer-reviewed research, reviews, policy reports and analyses from around the world. Articles cover a range of issues influencing community health services and primary health care, particularly comprehensive primary health care research, evidence-based practice and primary health care policy issues.

*Australian Journal of Primary Health* is an important international resource for all individuals and organisations involved in the planning, provision or practise of primary health care.
