

# PROCEEDINGS OF THE ROYAL SOCIETY OF VICTORIA

[publish.csiro.au/rs](http://publish.csiro.au/rs)

## > SCOPE

*Proceedings of the Royal Society of Victoria* publishes original research papers, review articles and short communications that are peer reviewed. The Society invites contributions for the *Proceedings* from authors across the various disciplines of biological, physical and earth sciences, including multidisciplinary research, and on issues concerning technology and the applied sciences. Contributions on topics that are relevant to Victoria and the south-eastern Australian region are encouraged.

The journal also publishes Special Issues and themed collections of papers commissioned by the Council of the Royal Society of Victoria. It is published online in June and December, with two issues constituting a volume.

## > AUTHOR BENEFITS

- Publish in one of Australia's oldest and longest-running science journals
- Published Open Access under a Creative Commons licence
- International reach and discoverability
- Capture reach, influence and public attention through Altmetrics
- Authors retain copyright
- Colour encouraged, with no charges
- No page charges

# JOURNAL METRICS

## > METRICS

These metrics are shared as a way of quantifying the impact this journal has on the research community. However, they should always be considered in the context of how they are calculated, and we emphasise that none of these journal-level metrics should be used to judge the impact of an individual article or author, or their research outputs.

### > USAGE

## > ABOUT THE ROYAL SOCIETY OF VICTORIA

The Royal Society of Victoria convenes a community network of science practitioners, adherents and enthusiasts to share our passion for science, with the aim of promoting education, literacy and investment in the science disciplines for the benefit of Victorian communities, industries and environments.

The Society provides a forum for informed discussion and debate of scientific and technological issues relevant to the community. Membership includes scientists from a wide range of disciplines, which helps promote understanding across the disciplines. The Society's program includes lectures and symposia on hot topics in science, exploring the latest in scientific research in Victoria and worldwide.

## > ABOUT CSIRO PUBLISHING

CSIRO Publishing operates as an editorially independent science publisher within Australia's premier research group, Commonwealth Scientific and Industrial Research Organisation (CSIRO), and has been publishing journals since 1948. Our internationally recognised publishing program includes journals, books and magazines and covers a wide range of scientific disciplines.
