Supplementary Table S1. Author lists for each subsection, affiliation, and email contact

Pair bonds and sociality		
Michael G Gardner	Flinders University, College of Science and Engineering, and the Evolutionary Biology Unit, South Australian Museum	michael.gardner@flinders.edu.au
Martin Whiting	Macquarie University, Department of Biological Sciences	martin.whiting@mq.edu.au

Geoffrey While	University of Tasmania, School of Biological Sciences	geoffrey.while@utas.edu.au
Pheromones and reproduction in Australian squamates		
Stephen M Zozaya	Australian National University, Research School of Biology	stephen.zozaya@anu.edu.au
Conrad J Hoskin	James Cook University, College of Science and Engineering	conrad.hoskin@jcu.edu.au
Megan Higgle	James Cook University, College of Science and Engineering	megan.higgle@jcu.edu.au
Colour polymorphisms and alternative reproduction tactics in <i>Ctenophorus</i> spp.		
Christopher R Friesen	University of Wollongong, School of Earth, Atmospheric and Life Sciences	cfriesen@uow.edu.au
Caroline M Dong	Tulane University, School of Science & Engineering	cdong1@tulane.edu
Danielle L Edwards	University of California Merced, School of Natural Sciences	dedwards5@ucmerced.edu
Sexual selection on the neural control of reproduction		

Daniel Hoops	Mouse Imaging Centre, The Hospital for Sick Children, Toronto; University of Toronto, Department of Medical Biophysics	dan.hoops@mail.mcgill.ca
Genital variation		
Danielle L Edwards	University of California Merced, School of Natural Sciences	dedwards5@ucmerced.edu
Christopher R Friesen	University of Wollongong, School of Earth, Atmospheric and Life Sciences	cfriesen@uow.edu.au
Multiple paternity, sperm competition, and postcopulatory sexual selection		
Christopher R Friesen	University of Wollongong, School of Earth, Atmospheric and Life Sciences	cfriesen@uow.edu.au
Danielle L Edwards	University of California Merced, School of Natural Sciences	dedwards5@ucmerced.edu
Caroline M Dong	Tulane University, School of Science & Engineering	cdong1@tulane.edu
Nesting Ecology in Australian Goannas		
J Sean Doody	University of South Florida–St. Petersburg Campus, Department of Integrative Biology	jseandoody@gmail.com

Simon Clulow	Centre for Conservation Ecology & Genomics, Institute for Applied Ecology, University of Canberra	simon.clulow@canberra.edu.au
Viviparity and placentation		
James U Van Dyke	La Trobe University, Department of Pharmacy and Biomedical Sciences	j.vandyke@latrobe.edu.au
Michael B Thompson	University of Sydney, School of Life and Environmental Sciences	mike.thompson@sydney.edu.au
Camilla M Whittington	University of Sydney, School of Life and Environmental Sciences	camilla.whittington@sydney.edu.au
Sex Reversal		
Duminda S B Dissanayake	University of Canberra, Institute for Applied Ecology; Australian National Wildlife Collection, CSIRO, Canberra	Dumie.Dissanayake@canberra.edu.au
Meghan A Castelli	University of Canberra, Institute for Applied Ecology; Australian National Wildlife Collection, CSIRO, Canberra	Meghan.Castelli@canberra.edu.au

Sarah L Whiteley	University of Canberra, Institute for Applied Ecology; Australian National Wildlife Collection, CSIRO, Canberra	Sarah.Whiteley@canberra.edu.au
Clare E Holleley	Australian National Wildlife Collection, CSIRO, Canberra	Clare.Holleley@csiro.au
Arthur Georges	University of Canberra, Institute for Applied Ecology	Georges@aerg.canberra.edu.au
Evolution of sex determination systems		
Peta L Hill	University of Tasmania, School of Natural Sciences	peta.hill@utas.edu.au
Erik Wapstra	University of Tasmania, School of Natural Sciences	Erik.Wapstra@utas.edu.au
Christopher P Burridge	University of Tasmania, School of Natural Sciences	Chris.Burridge@utas.edu.au
Geoffrey While	University of Tasmania, School of Biological Sciences	geoffrey.while@utas.edu.au

Tariq Ezaz	University of Canberra, Institute for Applied Ecology	Tariq.Ezaz@canberra.edu.au
Control over timing of birth		
Deirdre L Merry	University of Tasmania, School of Natural Sciences	deirdre.merry@utas.edu.au
Julia L Riley	Stellenbosch University, Department of Botany and Zoology	julia.riley87@gmail.com
Geoffrey While	University of Tasmania, School of Natural Sciences	geoffrey.while@utas.edu.au
Erik Wapstra	University of Tasmania, School of Natural Sciences	Erik.Wapstra@utas.edu.au
Martin Whiting	Macquarie University, Department of Biological Sciences	martin.whiting@mq.edu.au
James U Van Dyke	La Trobe University, Department of Pharmacy and Biomedical Sciences	j.vandyke@latrobe.edu.au
Camilla M Whittington	University of Sydney, School of Life and Environmental Sciences	camilla.whittington@sydney.edu.au
